SENATE RESOLUTION 913—SUPPORTING THE GOALS AND IDEALS OF A NATIONAL MOVE OVER LAW DAY

Mr. BLUMENTHAL (for himself, Mr. BRAUN, Mr. WHITEHOUSE, Mrs. FISCHER, Mr. MURPHY, Mr. VAN HOLLEN, Mr. LUJÁN, Mr. WARNER, and Ms. DUCKWORTH) submitted the following resolution; which was considered and agreed to:

S. RES. 913

Whereas the Senate wishes to recognize traffic incident management responders (as described in the Traffic Incident Management Handbook of the Federal Highway Administration), which include law enforcement officers, fire and rescue personnel, emergency medical services personnel, tow truck operators, and transportation workers;

Whereas many traffic incident management responders are seriously injured or lose their lives while performing their duties each year as a result of being struck by speeding, impaired, or distracted motorists and motorists who are not aware of move over laws;

Whereas, in 2023, 45 traffic incident management responders were killed in the United States due to roadside collisions;

Whereas the Federal Highway Administration, the National Highway Traffic Safety Administration, and the Federal Motor Carrier Safety Administration of the Department of Transportation host the Crash Responder Safety Week annually in November as part of a national effort to—

(1) protect traffic incident management responders who are at the scene of highway crashes; and

(2) remind the public of their responsibility to slow down, move over, and stay alert when driving near roadside incidents involving traffic incident management responders;

Whereas each State has a move over law, which has correlated directly with a safer environment along the roadsides of the United States for traffic incident management responders and stranded travelers;

Whereas move over laws generally require motorists to move at least 1 lane over when there is an emergency or rescue activity taking place on the shoulder or side of the roadway, or, if unable to do so safely, to slow down and pass the scene with caution;

Whereas the Government Accountability Office report entitled “Emergency Responder Safety: States and DOT Are Implementing

Actions to Reduce Roadside Crashes” (GAO-21-166) noted that State officials cite raising public awareness as the most prevalent challenge to move over laws; and

Whereas providing traffic incident management responders with an enhanced opportunity to inform the motoring public about move over laws is critical to the public safety: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of a National Move Over Law Day; and

(2) urges national, State, and regional incident management organizations—

(A) to spread awareness and promote the existence of, and adherence to, State move over laws; and

(B) to educate the public further on the dangers and loss of life that occur if State move over laws are not faithfully observed.

Ms. KLOBUCHAR (for herself, Mr. CRAMER, Ms. BALDWIN, Mr. BARRASSO, Mr. BENNET, Mrs. BLACKBURN, Mr. BLUMENTHAL, Mr. BRAUN, Mr. CASEY, Mr. CASSIDY, Ms. COLLINS, Mr. CRAPO, Mr. DAINES, Mr. DURBIN, Mr. GRASSLEY, Mr. HAGERTY, Ms. HASSAN, Mr. HOEVEN, Mrs. HYDE-SMITH, Mr. KELLY, Mr. KING, Mr. LANKFORD, Ms. LUMMIS, Mr. MANCHIN, Mr. MULLIN, Mr. RISCH, Ms. ROSEN, Mr. SCOTT of Florida, Ms. SMITH, Mr. TUBERVILLE, Mr. VAN HOLLEN, Mr. WHITEHOUSE, Mr. WICKER, Mr. HAWLEY, Ms. DUCKWORTH, Mr. WYDEN, and Mr. SCOTT of South Carolina) submitted the following resolution; which was considered and agreed to:

S. RES. 914

Whereas there are millions of unparented children in the world, including 368,000 children in the foster care system in the United States, approximately 108,000 of whom are waiting for families to adopt them;

Whereas the average length of time a child spends in foster care waiting to be adopted is 34.9 months;

Whereas, for many unparented children, the wait for a loving family, in which the children are nurtured, comforted, and protected, seems endless;

Whereas, in 2022, 18,500 children were at risk of aging out of foster care by reaching adulthood without being placed in a permanent home;

Whereas, every day, loving and nurturing families are strengthened and expanded when committed and dedicated individuals make an important difference in the life of a child through adoption;

Whereas, while 1 in 3 adults in the United States have considered adoption, a majority of individuals in the United States have misperceptions about the process of adopting children from foster care and the children who are eligible for adoption;

Whereas family reunification, kinship care, and domestic and intercountry adop-

tion promote greater permanency and stability for children;

Whereas the Children’s Bureau, an office of the Administration for Children and Families within the Department of Health and Human Services, supports programs, research, and monitoring to help eliminate barriers to adoption and find permanent families for children;

Whereas National Adoption Day is a collective national effort to find permanent, loving families for children in the foster care system;

Whereas, since the first National Adoption Day in 2000, more than 85,000 children have joined permanent families on National Adoption Day;

Whereas the President traditionally issues an annual proclamation to declare the month of November as National Adoption Month, and the President has proclaimed November 2024 as National Adoption Month; and

Whereas the Saturday before Thanksgiving has been recognized as National Adoption Day since at least 2000, and in 2024, the Saturday before Thanksgiving is November 23: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of National Adoption Day and National Adoption Month;

(2) recognizes that every child should have a permanent and loving family; and

(3) encourages the people of the United States to consider adoption during the month of November and throughout the year.

S. RES. 915

Whereas, as of September 2024, more than 3,300,000 prostate cancer survivors are living in the United States;

Whereas 1 in 8 men in the United States will be diagnosed with prostate cancer in their lifetimes and 1 in 44 men in the United States will die from prostate cancer;

Whereas prostate cancer is the most commonly diagnosed non-skin cancer and the second-leading cause of cancer-related deaths among men in the United States;

Whereas the American Cancer Society estimates that, in 2024, 299,010 men will be diagnosed with, and more than 35,250 men will die of, prostate cancer;

Whereas 40 percent of newly diagnosed prostate cancer cases occur in men under the age of 65;

Whereas the odds of developing prostate cancer rise rapidly after age 50;

Whereas having a father or brother with prostate cancer more than doubles the risk of a man developing prostate cancer, with a higher risk for men who have a brother with the disease and the highest risk for men with several affected relatives;

Whereas screening by a digital rectal examination and a prostate-specific antigen blood test can detect the disease at the earlier, more treatable stages, which could increase the chances of survival for more than 5 years to nearly 100 percent;

Whereas only 34 percent of men survive more than 5 years if diagnosed with prostate cancer after the cancer has metastasized;

Whereas there are typically no noticeable symptoms of prostate cancer in the early stages, making appropriate screening critical;

Whereas, in fiscal year 2024, Congress appropriated \$48,581,000,000 to the National Institutes of Health, including \$7,220,000,000 for the National Cancer Institute;

Whereas, in fiscal year 2024, Congress appropriated \$110,000,000 for the Prostate Cancer Research Program of the Department of Defense;

Whereas the Department of Veterans Affairs has established 21 Precision Oncology Centers of Excellence in order to deliver precision oncology services to veterans suffering from prostate cancer;

Whereas ongoing research promises further improvements in prostate cancer prevention, early detection, and treatment; and

Whereas educating people in the United States, including health care providers, about prostate cancer and early detection strategies is crucial to saving the lives of men and preserving and protecting families: Now, therefore, be it

Resolved, That the Senate—
