Address of the Commission; Office Hours

Sec. 50.1 Address, office hours. All communications to the Commission must be addressed to Washington, D. C., unless otherwise specifically directed. Pleadings and other papers required to be filed with the Commission shall be

filed in the office of the Secretary of the Commission at Washington, D. C., within the time limit, if any, for such filing.

The office is open from 9 a. m. until 4:30 p. m. of each business day except Saturday, upon which day it is open from 9 a. m. to 1 p. m., or as provided by statute or Executive order.

Public Sessions and Hearings

Sec. 50.2 Notice. Public sessions of the Commission for hearing evidence or oral argument or for public conferences and hearings before any Commissioner, examiner, or other representative of the Commission, will be held as set upon notice by the Commission, subject to change upon reasonable notice.

Parties; Appearances

Sec. 50.3 Classes. The parties to proceedings before the Commission are applicants, complainants, petitioners, defendants, interveners, and respondents, according to the nature of the proceedings and their relationship thereto. Admission of a party as intervener or protestant shall not be construed as recognition by the Commission that such party might be aggrieved by any order of the Commission in such proceeding.

Sec. 50.4 Appearances. Any party may appear and be heard in person or by an attorney at law or attorney in fact and a corporation or association may be represented by a bona fide officer thereof. All persons appearing in such proceedings must conform to the standards of ethical conduct required of practitioners before the courts of the United States and, where applicable, to the requirements of section 12 (i) of the Public Utility Holding Company Act of 1935. Failure to conform to these standards will be ground for declining to permit appearance in any proceeding before the Commission.

Sec. 50.5 Former employees barred for one year. No person serving or having served as a Commissioner, officer, expert, examiner, attorney, accountant, engineer, or other employee in the Federal Power Commission shall be permitted to practice, appear, or act as counsel, attorney, representative, or agent in any proceeding before the Commission, or before any regional office, division, or agency thereof, or in any manner or by any means aid or assist in the prosecution of any such matter or proceeding, within one year next after the separation of the said person from the service of the Commission; provided, however, this rule shall not be construed to bar any such person from appearing before the Commission in behalf of any other branch of the Federal Government or in behalf of any State, municipality, or other public agency.

Sec. 50.6 Applicants defined. In proceedings involving applications, by persons subject to the act, for permission or authorization which the Commission may give under the authority of the act,

the parties on whose behalf the applications are made are styled applicants.

Sec. 50.7 Complainants. Parties who complain to the Commission of anything done or omitted to be done in violation of the provisions of the act by any person subject to the act, are styled complainants. (See Sec. 50.15 to Sec. 50.22.)

Sec. 50.8 Petitioners. Parties seeking relief, not otherwise designated herein, are styled petitioners. (See Sec. 50.13 to Sec. 50.14.)

Sec. 50.9 Defendants. Persons subject to the act, against whom any complaint is filed, are styled defendants. (See Sec. 50.15 to Sec. 50.22.)

Sec. 50.10 Intervenors. Parties permitted to intervene as hereinafter provided, are styled intervenors. (See Sec. 50.13 to Sec. 50.14.)

Sec. 50.11 Protestants. A protestant is anyone objecting on the ground of private or public interest to the approval of an application or petition which the Commission may have under consideration. (See Sec. 50.26 to Sec. 50.27.) Protestants desiring to become parties to any proceeding before the Commission may file a petition for intervention.

Sec. 50.12 Respondents. Persons subject to the act, to whom an order or notice is issued by the Commission instituting a proceeding or investigation on its own initiative, are styled respondents.

Petitions

Sec. 50.13 Contents. Petitions for relief under the act should be under oath and state clearly and concisely the interest of the petitioner in the subject matter of the petition and the relief sought and cite by appropriate reference the section, paragraph, etc., of the act relied upon for relief and must conform to the requirements of Sec. 50.31 to Sec. 50.40.

Sec. 50.14 Intervening petitions. Any interested State, State commission, municipality, or any representative of interested consumers or security holders, or any competitor of a party to any pending proceeding, or any other person whose participation in a pending proceeding may be in the public interest, may petition to intervene in any proceeding pending before the Commission prior to or at the time it is called for hearing, but not thereafter except for good cause shown. Petitions for intervention must set forth the grounds of the proposed intervention; the position and interest of the petitioner in the proceeding; and must conform to the requirements of a formal complaint and must be subscribed and verified in the same manner as a formal complaint. If leave is granted, the petitioner thereby becomes an intervenor and a party to the proceeding.

Complaints

Sec. 50.15 Complaints; informal and formal. Complaints may be informal or formal.

Sec. 50.16 Informal complaints. Informal complaints may be made by letter or other writing, and will be filed as re-

ceived. Matters informally presented will, if their nature so warrants, be taken up by correspondence or conference with the party or parties complained of in an endeavor to bring about satisfaction of the complaint without formal hearing.

Sec. 50.17 Substance of informal complaints. No form of informal complaint is prescribed, but in substance the letter or other writing should contain the name and address of complainant, the name of the party against whom the complaint is made, and a brief statement of the facts forming the basis of such complaint. While the filing of an informal complaint is without prejudice to complainant's right to file formal complaint, only formal complaints submitted and prosecuted in the manner hereinafter prescribed will entitle any person, natural or artificial, to initiate formal proceedings or to become a party to any proceedings already initiated, and only formal complaints will be admitted in the record of formal proceedings. It is desirable that the informal complaint be accompanied by sufficient copies to enable the Commission to transmit one to each party named, and retain one for its own use, and it may be accompanied by supporting papers.

Sec. 50.18 Formal complaints; form and style. Formal complaints must conform to the requirements of Sec. 50.31 to Sec. 50.40. The names of all parties, complainant and defendant, must be stated in full without abbreviations, and the address of each complainant with the name and address of its attorney, if any, must appear.

Sec. 50.19 Joinder of complaints or complainants. Two or more grounds of complaint involving the same purposes, subject, or state of facts, may be included in one complaint, but should be separately stated and numbered; and two or more complainants may join in one complaint if their respective causes of complaint are against the same defendant or defendants, and involve substantially the same purposes and subject, and a like state of facts.

Sec. 50.20 Substance of formal complaints. Formal complaints should be so drawn as fully and completely to advise the parties defendant and the Commission, wherein the provisions of the act have been or are violated by the acts or omissions complained of, or will be violated by a continuance of such acts or omissions, and should set forth briefly and in plain language the facts claimed to constitute such violations, and the relief sought.

Sec. 50.21 Subscription and verification. Every formal complaint must be personally subscribed by the duly authorized representative of the complainant or complainants. In addition, the facts alleged must be verified under oath by the duly authorized representative of the complainant.

Sec. 50.22 Supplemental complaints. Supplemental complaints may be tendered for filing by the complainant

against the defendant in the original complaint, setting forth any causes of action under the act alleged to have accrued in favor of the complainant and against the defendant since the filing of the original complaint, and, upon leave granted, will be filed and served by the Commission as provided for original complaints, and heard, considered, and disposed of therewith in the same proceeding, if practicable.

Answers

Sec. 50.23 Answers to formal complaints. Answers to formal complaints must be filed with the Commission within 30 days after the day on which the complaint was served. This period may be shortened or extended by the Commission in its discretion. Any defendant failing to file answer within such period will be deemed in default, and issue as to such defendant will be thereby joined. All answers should be under oath and so drawn as fully and completely to advise the parties and the Commission as to the nature of the defense, and should admit or deny, specifically and in detail, each material allegation of the pleading answered and must conform to requirements of Sec. 50.31 to Sec. 50.40.

Sec. 50.24 Answers to petitions. Answers to petitions in intervention or amended complaints, filed and served upon leave granted, need not be separately made unless the defendants so elect, and their answers to the formal complaint will be deemed answers to the petition in intervention or amended complaint. Answers if separately made should be filed and served in the same manner as is provided for answers to the original complaint.

Sec. 50.25 Satisfaction of complaints. If the defendant satisfies a formal complaint either before or after answering, a statement to that effect signed by the opposing parties must be filed setting forth when and how the complaint has been satisfied and requesting dismissal.

Protests

Sec. 50.26 Contents. Protests to be considered formal must set forth the position and interest of the protestant in the proceeding and must be so drawn as fully and completely to advise the parties and the Commission as to the acts or omissions complained of, and should in other respects conform to the requirements of Sec. 50.15 to Sec. 50.21 and Sec. 50.31 to Sec. 50.40.

Sec. 50.27 Subscription and verification. Every formal protest must be personally subscribed (1) by the protestant, and by each protestant if there be more than one, (2) by an officer of the protestant if it be a corporation or (3) for the protestant by his attorney. In addition, the facts alleged must be verified under oath by a protestant, an officer of protestant, or by the attorney for the protestant. If the subscription and verification, or either thereof be by anyone

other than the protestant or an officer or attorney thereof as aforesaid, the reason it is so made must be stated, and the power of attorney or authority authorizing such affiant to prosecute the protest or make the verification must be filed with the protest.

Amendments to Pleadings

Sec. 50.28 Allowance or refusal discretionary. Amendments to any pleading will be allowed or refused by the Commission in its discretion.

Sec. 50.29 Subscription and verification. Whenever by these rules a principal pleading is required to be subscribed and verified an amendment thereto must be similarly subscribed and verified.

Sec. 50.30 Directed amendments. The Commission, or during a hearing a Commissioner, examiner, or other representative presiding, may direct a party to state his case by way of amendment, more fully or in more detail.

Specifications as to Applications, Complaints, Answers, Petitions, Briefs, Etc.

Sec. 50.31 Typewritten or printed only. Except where otherwise specifically provided, all papers to be filed under these rules must be typewritten or printed.

Sec. 50.32 Size and legibility. If typewritten, they must, unless otherwise specifically provided, be on paper cut or folded to 8½ inches wide by 11 inches long, with left-hand margin not less than 1½ inches wide. The impression must be on only one side of the paper and must be double-spaced, except that long quotations should be single-spaced and indented. Mimeographed, multi-graphed, or planagraph copies will be accepted as typewritten. All copies must be clearly legible.

Sec. 50.33 Sizes of printed paper. If printed, they must be not less than 10-point type on unglazed paper cut or folded so as not to exceed 8½ inches wide by 11 inches long, with inside margin not less than 1 inch wide and with double-leaded text and single-leaded citations.

Sec. 50.34 Signature. Applications, complaints, answers, petitions, statements, protests, and notices must be signed in ink by the party in interest, or by his or its duly authorized attorney, and must show the office and post office address of the same.

Sec. 50.35 Improper matter. Any paper containing defamatory, scurrilous, or unethical matter will be rejected by the Commission, and the person submitting the same, after hearing, may be debarred from practice before the Commission.

Service, Number of Copies

Sec. 50.36 By the Commission. Applications, formal complaints, petitions, and upon leave granted, petitions in interventions, supplemental complaints, and amended complaints, will be served by

the Commission. Such service will be by mail or otherwise, as may be appropriate in each specific case.

Sec. 50.37 Service by parties. Protests, answers, briefs, notices and all other papers, except depositions, in formal proceedings pending before the Commission shall, when tendered to the Commission for filing, show service thereof upon all parties to the proceeding. Such service shall be made by delivering in person or by mail, properly addressed with postage prepaid, one copy to each party. (See Sec. 250.1.)

Sec. 50.38 Service upon attorneys. When any party has appeared by attorney service upon such attorney will be deemed service upon the party.

Sec. 50.39 Number of copies of pleadings. Except where otherwise specifically provided in these rules, all pleadings which are served by the Commission must be accompanied by copies in sufficient number to enable the Commission to transmit one copy to each party to the proceeding and retain five copies for its own use. Where service is made by the parties or service is not required to be made, five copies are required for the use of the Commission.

Sec. 50.40 Number of copies of reports, etc. Except where otherwise specifically provided, all reports and other statements required under these rules shall be filed in triplicate.

Continuances, Extensions of Time

Sec. 50.41 Contents; time of filing. Applications for continuances or for the extension of time in which to file any pleadings or briefs shall be by petition, in writing, stating the facts on which the application rests, and must be filed with the Commission at least seven days before the date set for hearing, or on or before the time for filing such pleadings or briefs, and must conform to the requirements of Sec. 50.31 to Sec. 50.40.

Sec. 50.42 Discretion in granting or denying. Continuances and extensions of time will be granted or denied at the discretion of the Commission.

Documentary Evidence

Sec. 50.43 Designation. When relevant and material matter offered in evidence by any party is embraced in a book, paper, or document containing other matter not material or relevant, the party offering the same must plainly designate the matter so offered. If other matter is in such volume as would necessarily cumber the record, such book, paper, or document will not be received in evidence, but may be marked for identification, and, if properly authenticated, the relevant or material matter may be read into the record, or, if the presiding Commissioner, examiner, or other representative so directs, a true copy of such matter, in proper form, shall be received as an exhibit, and like copies delivered by the party offering the same to opposing parties or

their attorneys appearing at the hearing, who shall be afforded an opportunity to examine the book, paper, or document, and to offer in evidence in like manner other portions thereof if found to be material and relevant.

Sec. 50.44 Commission's files. In case any matter contained in a report or other document on file with the Commission is offered in evidence, such report or other document need not be produced or marked for identification, but in other respects the provisions of the foregoing Sec. 50.43 will apply.

Sec. 50.45 Records in other proceedings. In case any portion of the record in any other proceeding is offered in evidence, a true copy of such portion shall be presented for the record in the form of an exhibit unless—

A. The party offering the same agrees to supply such copies later at his own expense, if and when required by the Commission; or

B. The portion is specified with particularity in such manner as to be readily identified; or

C. The parties represented at the hearing stipulate upon the record that such portion may be incorporated by reference, and that any portion offered by any other party may be incorporated by like reference subject to A and B; and

D. The presiding Commissioner, examiner, or other representative directs such incorporation.

Sec. 50.46 Objections. Any documentary evidence offered, whether in the form of exhibit or by reference, shall be subject to appropriate objection.

Sec. 50.47 Copies to opposing counsel. When exhibits of a documentary character are offered in evidence, copies must be furnished to opposing counsel unless the presiding Commissioner, examiner, or other representative otherwise directs.

Sec. 50.48 Size; form. Whenever practicable, all exhibits of a documentary character received in evidence must be on paper of good quality and so prepared as to be plainly legible and durable, whether printed or typewritten; if typewritten, they must conform to the requirements of Sec. 50.31 to Sec. 50.35.

Sec. 50.49 Copies for the Commission. Unless the presiding Commissioner, examiner, or other representative shall otherwise direct, three copies of each exhibit of a documentary character must be furnished for the use of the Commission, in addition to the copies provided for under Sec. 50.47 hereof.

Stipulations

Sec. 50.50 How evidenced. A party or parties may, in writing filed with the Commission or presented at the hearing, stipulate as to any facts involved in the proceeding; but such stipulation shall not bind the Commission.

Sec. 50.51 Form and style; service. Stipulations must conform to the requirements of Sec. 50.31 to Sec. 50.41.

Witnesses and Subpoenas

Sec. 50.52 Subpoenas. Subpoenas for the attendance of witnesses or for the production of books, papers, or documents, unless directed by the Commission upon its own motion, will issue only upon application in writing. Applications to compel witnesses to produce documentary evidence must be verified, and must specify as nearly as may be, the books, papers, or documents desired and the facts to be proved by them.

Sec. 50.53 Fees of witnesses. Witnesses who are summoned are entitled to the same fees as are paid for like services in the courts of the United States, such fees to be paid by the party at whose instance the testimony is taken, and the Commission before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

Sec. 50.54 Subpoenas; service; return. If service of subpoena is made by a United States marshal or his deputy, such service shall be evidenced by his return thereon. If made by any other person, such person shall make affidavit thereof, describing the manner in which service is made and return such affidavit on or with the original subpoena. In case of failure to make service, the reasons for the failure shall be stated on the original subpoena. In making service, a copy of the subpoena shall be exhibited to and left with the person to be served. The original subpoena, bearing or accompanied by the required return, affidavit, or statement, shall be returned forthwith to the Secretary of the Commission, or if so directed on the subpoena, to the presiding Commissioner, examiner, or other representative of the Commission before whom the person named in the subpoena is required to appear.

Depositions

Sec. 50.55 When permissible. The testimony of any witness may be taken by deposition, at the instance of a party to any proceeding pending before the Commission, at any time before the hearing is closed, upon approval by the Commission, in compliance with these rules of practice, but not otherwise.

Sec. 50.56 Officer before whom taken. Such depositions may be taken before a Commissioner, examiner, or other authorized representative of the Commission, and judge, commissioner, or clerk of any court of the United States, any chancellor, judge, or justice of a State court, mayor or chief magistrate of a city, or any notary public not being of counsel or attorney to either of the parties or interested in the proceeding or investigation, according to such designation as the Commission may make in its order in the premises. Where such deposition is taken in a foreign country, it may be taken before an officer or person designated by the Commission or agreed upon by the parties by stipulation in

writing to be filed with the Commission. The magistrate, person, or officer so designated in Sec. 50.55 to Sec. 50.59 will be referred to as the officer.

Sec. 50.57 Notice of application; service; order for taking. Reasonable notice of not less than 10 days, and when the deposition is to be taken in a foreign country, of not less than 15 days, must first be given in writing by the party or his attorney proposing to take such deposition, to the opposing party or his attorney of record, and to the Commission. In such notice, there should be stated the name and post office address of the witness, the subject matter concerning which the witness is expected to testify, the time and place of taking the deposition, and the name and post office address of the officer before whom it is desired that the deposition be taken. The opposing party may, within the time stated above, make any appropriate response to such notice. Thereupon, if the application so warrants, the Commission will make and serve upon the parties or their attorneys an order, wherein the Commission will name the witness whose deposition is to be taken, and specify the time, place, and the officer before whom the witness is to testify, but such time and place and the officer before whom the deposition is to be taken, so specified in the Commission's order, may or may not be the same as those named in said notice to the Commission.

Sec. 50.58 Oath; reduction to writing. Every person whose deposition is so taken shall be sworn (or permitted to affirm if he so requests) to testify to the whole truth and nothing but the truth concerning the matter about which he shall testify, and shall be carefully examined. His testimony shall be reduced to type-writing by the officer before whom the deposition is taken, or under his direction, after which the deposition shall be subscribed by the witness, and certified in usual form by the officer. After the deposition has been so subscribed and certified it shall, together with two copies thereof made by such officer or under his direction, be forwarded by such officer, in a sealed envelope addressed to the Commission at its office in Washington, D. C., with sufficient stamps for postage affixed. Upon receipt of the deposition and copies, the Commission will file the deposition in the record in said proceeding, and forward one copy to the party at whose instance the deposition has been taken or his attorney, and the other copy to the opposing party or his attorney. When the deposition is taken at the instance of more than one party, or there is more than one opposing party, the copies will be forwarded by the Commission to the parties or their attorneys designated for that purpose in advance.

Sec. 50.59. Fees of officers and witnesses. Witnesses whose depositions are taken and the officers taking same, shall

be entitled to the same fees as are paid for like services in the courts of the United States, which fees shall be paid by the party at whose instance the depositions are taken.

Hearings

Sec. 50.60 How ordered. Hearings may be ordered by the Commission in its discretion, either upon its own motion, or upon the motion of any party to the proceeding. Witnesses will be examined orally, unless the testimony is taken by deposition, as provided in Sec. 50.55 to Sec. 50.59 or the facts are stipulated in the manner provided for in Sec. 50.50 to Sec. 50.51.

Sec. 50.61 Notice of hearing. Appropriate public notice of any hearing will be given. The notice will state the nature of the matters to be heard, the time and place of the hearing, and, if designated, the name of the Commissioner, examiner, or other representative before whom the testimony is to be taken or the evidence produced. Such notice will be mailed to the parties to the proceeding, to State or other governmental authorities having official interest in the proceeding.

Sec. 50.62 Appearance. The presiding Commissioner, examiner, or other representative before whom the hearing is held will enter upon the record all appearances, with a notation in whose behalf the appearance is made.

Sec. 50.63 Order of procedure. At hearings on formal complaints, the complainant shall open and close. At hearings upon applications, the applicant shall open and close. At hearings on investigations, the presiding Commissioner, examiner, or other representative may direct who shall open and close. In hearings on several proceedings on a consolidated record the presiding Commissioner, examiner, or other representative shall designate who shall open and close. Interveners shall follow the parties in whose behalf the intervention is made, and in all cases where the intervention is not in support of either original party, the presiding Commissioner, examiner, or other representative will designate at what stage such intervenor shall be heard.

Sec. 50.64 Calling for further evidence. At any stage of the hearing, or after the close of testimony, the presiding Commissioner, examiner, or other representative may call for further evidence upon any issue, and require such evidence to be presented by the party or parties concerned or by the staff of the Commission, either at that hearing or at a further hearing. At the hearing, the Commissioner, examiner, or other representative presiding, if he deems advisable, may authorize any party to the proceeding to file specific documentary evidence as a part of the record within a time to be fixed by him, but which shall expire not less than 10 days before the date fixed for filing and serving briefs.

SEC. 50.65 Closing of record. Except as provided in Sec. 50.64 the Commissioner, examiner, or other representative conducting the hearing will not receive in evidence or consider as part of the record any document, letter, or other writing submitted after the close of testimony, and will so advise the sender.

Transcript of Testimony

SEC. 50.66 Copies not furnished by the Commission. The Commission will make provision for a stenographic record of the proceeding and for such copies of the transcript as it requires for its own purposes, but no copies will be furnished to parties by the Commission.

Briefs and Oral Argument

SEC. 50.67. Oral argument. If oral argument before the presiding Commissioner, examiner, or other representative is desired, he should be so notified before or at the hearing, and he may arrange to hear the argument at the close of the testimony. He may impose such limits of time on the argument as he may determine, having regard for other assignments for hearing before him. Such argument will be transcribed and bound with the transcript of testimony and will be available to the Commission for consideration in deciding the case.

SEC. 50.68 Forms and style of briefs. Briefs must comply with the requirements of Sec. 50.31 to Sec. 50.35. The date of each brief must appear on the front cover or title page. Each brief should contain an abstract of the evidence relied upon by the party filing it, preferably assembled by subjects with reference to the pages of the record or exhibit where the evidence appears. It should include requests for such specific findings as the party thinks the Commission should make.

SEC. 50.69 Arrangement of contents. The brief should contain a concise statement of the case, which should precede the abstract of evidence. The abstract of evidence should precede the argument. Exhibits should not be reproduced in the brief, but if desired may be reproduced in the appendix of the brief. Analyses of such exhibits should be included in the abstract of evidence under the subjects to which they pertain. Every brief of more than 20 pages should contain on its front leaves a subject index with page references, and a list of all cases cited, alphabetically arranged, with references to the pages where the citations appear.

SEC. 50.70 Filing; service; number of copies. At the close of the testimony in each case, the presiding Commissioner, examiner, or other representative will, within his discretion, fix the time for filing and service of the respective briefs, depending upon the magnitude of the issues involved. All briefs should be filed simultaneously. Only one initial brief shall be filed by each party. All briefs must be accompanied by notice showing service upon all parties or their attorneys

who appeared at the hearing or on brief, and 15 copies of each brief shall be furnished for the use of the Commission.

SEC. 50.71 Reply briefs. The presiding Commissioner, examiner, or other representative shall fix for all parties the same time within which to file their reply briefs. Parties who fail to file an opening or initial brief as required by this rule will not be permitted, except upon leave granted, to file reply to the brief of an opposing party.

Application for Further Hearing, Rehearing, Reargument, Reconsideration, or Modification of an Order

SEC. 50.72 Petition; filing; service. An application for further hearing in a proceeding before final submission, for reopening a proceeding after final submission, or for rehearing, reargument, or reconsideration after decision, must be made by petition, under oath, stating specifically the grounds relied upon, filed with the Commission, and served by the petitioner upon all parties to the proceeding or their attorneys of record.

SEC. 50.73 Statement as to new evidence. If the application be for further hearing before final submission, or for reopening the proceeding to take further evidence, the nature and purpose of the evidence to be adduced must be briefly stated, and it must appear not to be merely cumulative.

SEC. 50.74 Specification of errors. If the application be for rehearing, reargument, or reconsideration, the matters claimed to have been erroneously decided must be specified, and the alleged errors briefly stated. If the order of the Commission is sought to be vacated, reversed, or modified by reason of matters which have arisen since the hearing, or of a consequence which would result from compliance therewith, the matters relied upon by the petitioner must be set forth in the petition.

SEC. 50.75 Time of filing. A petition for rehearing must be filed within 30 days after service of the order therein.

SEC. 50.76 Form and style; service. Applications under this rule must conform to the requirements of Sec. 50.31 to Sec. 50.35.

Computation of Time

SEC. 50.77 When Sunday and holiday not included. When the time prescribed by these rules for doing any act expires on a Sunday or legal holiday, such time shall extend to and include the next succeeding day that is not a Sunday or legal holiday.

Access to Commission's Records

SEC. 50.78 Formal dockets. Dockets open to public inspection, except as hereinafter provided, will be maintained by the Commission containing all formal documents and proceedings with reference to all cases pending before the Commission under the Natural Gas Act.

SEC. 50.79 Reports and statements. Annual or periodic reports of natural

gas companies, filed with the Commission under oath, will be available for public inspection. Other reports and statements made to the Commission by natural gas companies or others may be withheld from public inspection in the discretion of the Commission.

SEC. 50.80 Hours for inspection. Dockets and other records open for public inspection may be inspected during office hours of the Commission insofar as consistent with the proper discharge of the Commission's duties.

Copies of Records

SEC. 50.81 Charge. Copies of documents available for public inspection, and of other documents with the consent of the party who filed the same, will be furnished upon request and payment of charges therefor. Charges will be based upon cost. A schedule of charges will be furnished upon request. An additional charge of 25 cents will be made for each certification of documents by the Secretary of the Commission.

Notice of Compliance

SEC. 50.82 Filing. When, by any provision of these rules or by an order of the Commission in a proceeding before it, a natural gas company is required to perform any act (e. g., make entries on its books of account) it shall, unless otherwise provided by these rules or by an order of the Commission, file with the Commission within 30 days following the date when such requirement became effective, a notice, under oath, stating that such requirement has been met or complied with.

PART 53.—APPLICATION FOR AUTHORIZATION TO EXPORT OR IMPORT NATURAL GAS

SEC. 53.1 Who shall apply. The owner of a source of supply of natural gas who proposes to export or import any portion of such natural gas or who has entered or proposes to enter into a contract to supply natural gas to be so exported or imported, and the exporter or importer thereof, are necessary parties to an application for the authorization sought under this rule.

SEC. 53.2 Form and time of filing. An application under this part shall conform with Sec. 50.31 to Sec. 50.35, shall be made at least 30 days in advance of the proposed exportation or importation, except where otherwise ordered by the Commission for good cause shown, and the original application shall be signed and verified under oath by an executive officer or officers of the applicant or applicants having knowledge of the matters therein set forth.

SEC. 53.3 Contents of application. Until such time as the Commission shall promulgate rules and regulations pertaining to the contents of applications required to be filed under the provisions of section 3 of the Act, an application for an order authorizing any person to export any natural gas from the United States to a foreign country or import any

natural gas from a foreign country shall set forth sufficient facts to enable the Commission to determine whether the authorization sought would be consistent with the public interest. The applicant shall furnish such additional information as the Commission may deem pertinent.

PART 54.—FILING OF RATE SCHEDULES

SEC. 54.1 Definition. The term "rate schedule" as used herein shall include and mean any contract, agreement, lease of facilities or other writing, including supplements thereto, which specifies or affects the rates and charges to be assessed or collected for the transportation or sale of natural gas subject to the jurisdiction of the Commission, or which establishes any rule, regulation, classification, or practice affecting such rates and charges or the service rendered or to be rendered.

SEC. 54.2 Effective rates and charges. No natural gas company shall directly or indirectly demand, collect, or receive, for the transportation or sale of natural gas subject to the jurisdiction of the Commission, or for the lease or utilization of any facilities subject to the jurisdiction of the Commission, any rate or charge different from that prescribed in its rate schedule or schedules actually on file with the Commission, unless the Commission shall, for good cause shown, otherwise provide by order.

SEC. 54.3 Filing of rate schedules, rates, charges, etc.

A. Obligation to file. Every natural gas company shall post and file with the Commission full and complete rate schedules clearly and specifically setting forth all rates and charges for any transportation or sale of natural gas, the classification, practices, and regulations affecting such rates, and all contracts which affect or relate to such rates, charges, classifications, or services as required by section 4 (c) of the Natural Gas Act. Where two or more natural gas companies are parties to the same rate schedule, each natural gas company furnishing service, transporting, selling, or pooling natural gas shall post and file such rate schedule, or the rate schedule may be filed by one such natural gas company and all other parties having an obligation to file may post and file a certificate of concurrence on the form indicated in Sec. 250.2.

B. Newly established rates, charges, etc. Unless otherwise provided by order of the Commission, every rate or charge for the transportation or sale of natural gas subject to the jurisdiction of the Commission, as well as any classification, practice, regulation, or operation affecting such rate or charge and any contract or agreement which affects or relates to such rate, charge, classification, regulation, or service which has not theretofore been in effect, shall be posted and filed with the Commission not less than ten days prior to the date upon which it is to become effective.

C. Changes in filed rates, charges, etc. All rate schedules making a change in any rate, charge, classification, or service, on file with the Commission, or in any rule, regulation, or contract relating thereto shall be posted and filed with the Commission not less than 30 days prior to the proposed effective date thereof, unless a shorter period of time is authorized by the Commission; and as to each proposed change there shall be submitted to the Commission at the same time—

(1) A statement outlining the reasons for the proposed change and the desirability thereof;

(2) Pertinent data supporting the statements in (1) above, and

(3) An estimate of the probable sales and revenue under the rate after the proposed change becomes effective for a period of 12 months thereafter.

D. Changes in rate schedules to be indicated. All rate schedules making a change in any existing rate schedule on file with the Commission shall state plainly the change, or changes, to be made. The following symbols, which shall appear in the margin opposite each paragraph, shall be used to indicate changes in the superseding rate schedule.

O=No Change.

C=Change.

N=New Provision.

E. Rates, charges, etc., made effective prior to date of filing upon order of the Commission. For good cause shown, and upon application duly made at the time of filing, the Commission may by order provide that any rate schedule, charge, classification or service, or any rule, regulation, practice, or contract relating thereto, shall be effective as of a date prior to the date of filing.

F. Acceptance for filing not approval. The acceptance for filing by the Commission of any rate schedule, or supplement thereto, is not to be considered as approval of the reasonableness of any such rate schedule or any part thereof.

SEC. 54.4 Identification and numbering of rate schedules.

A. Every rate schedule filed will be numbered in the office of the Commission and the filing natural gas company advised of the Rate Schedule FPC number. Whenever a rate schedule offered for filing, changes, alters, or modifies any rate, charge, classification, or service, or any rule, regulation or contract relating thereto or provides additionally for a rate, charge, classification or service, or any rule, regulation, or contract relating thereto, but is dependent upon and amendatory of an existing rate schedule, it will be designated as a supplement to the existing rate schedule and will be so numbered.

B. Every rate schedule offered for filing with the Commission under these rules shall show on a title page, which shall be otherwise blank, (1) the name of the filing natural gas company, (2) the names of other natural gas companies

receiving or rendering service under the rate schedule, and (3) a brief description of the service to be provided thereunder.

SEC. 54.5 Notice of cancellation. When a rate schedule, rate, charge, classification, or service, or any rule, regulation, or contract relating thereto and on file with the Commission is proposed to be cancelled and no new rate schedule is filed in its place, except as hereinafter provided, each natural gas company required to file the schedule shall formally notify the Commission of the proposed cancellation on the form indicated in Sec. 250.3 at least 30 days prior to the proposed effective date of such cancellation; and shall therewith submit a statement showing the reasons therefor and that notice has been served upon each natural gas company that is a party to the rate schedule. A copy of such notice to the Commission shall be duly posted. For good cause shown, the Commission may permit notice of cancellation to be filed within less than 30 days of the proposed effective date thereof.

SEC. 54.6 Notice of succession. Whenever, the name of a natural gas company is changed, or its operating control is transferred to another natural gas company in whole or in part, or a receiver or trustee is appointed to operate any natural gas company, the exact name of the natural gas company, receiver, or trustee which will operate the property thereafter shall be filed within 30 days after such change, transfer or appointment with the Commission on the form indicated in Sec. 250.4.

SEC. 54.7 Rates established by order of the Commission. Every rate schedule filed to make effective the rates, charges, classifications, or services or any rule or regulation relating thereto, established in conformity with an order of the Commission shall bear the following additional notation on the title page, viz.:

Issued in Compliance with an Order
of the Federal Power Commission

Docket No.

Entered day of

SEC. 54.8. Posting for public inspection. A true copy of every rate schedule required to be filed with the Commission shall be posted by each natural gas company, not later than the date of filing with the Commission, by keeping such rate schedules open and available for public inspection in a convenient form and place, during ordinary business hours at its principal and district or division offices in the territory served.

SEC. 54.9 Protests and complaints against rate changes. Every protest and complaint concerning any rate, charge, classification or service, or any rule, regulation, or contract relating thereto may be filed at any time prior to the date upon which such rate, charge, classification, or service, or rule, regulation, or contract relating thereto is proposed to become effective.

SEC. 54.10 Number of copies of rate schedules to be supplied. Four copies of

every rate schedule, certificate of concurrence, notice of succession in ownership or operation, and notice of cancellation submitted for filing must be supplied to the Commission. All copies are to be included in one package, together with a letter of transmittal listing all rate schedules included, and addressed to the Federal Power Commission, Washington, D. C. The Commission reserves the right to request such additional copies of any of the above mentioned instruments as it may find necessary or appropriate to carry out the provisions of the Natural Gas Act.

Sec. 54.11 Form and style of rate schedules. All rate schedules filed under these rules must be printed, or if printed copies are not available, must be typewritten on paper 8½ inches wide by 11 inches long. Photostatic copies on white paper, in lieu of written or printed copies, may be filed. All copies must be clear and legible and complete as to signatures, dates, and other essential data. The Commission reserves the right to reject any rate schedule that does not meet the requirements of this section.

Sec. 54.12 Filing date. By filing date is meant the date on which a rate schedule submitted by a natural gas company is received in the office of the Secretary of the Commission, unless rejected by the Commission for failure to comply with provisions of these rules of practice and regulations.

Sec. 54.13 Report of termination date. All natural gas companies having rate schedules on file with the Commission, shall advise the Commission of the termination date of all rate schedules, thirty days in advance of such termination date.

Sec. 54.14 Report of transactions. On or before January 20, 1939, every natural gas company shall report to the Commission the amount of natural gas transported or sold in each month during the six months period ending December 31, 1938, under each rate schedule on file with the Commission during said period, together with the consideration received from each sale so reported.

PART 57.—APPLICATION FOR APPROVAL OF ABANDONMENT OF FACILITIES OR SERVICE AND FOR CERTIFICATE OF CONVENIENCE AND NECESSITY

Sec. 57.1 Contents of application. Until such time as the Commission shall promulgate rules and regulations pertaining to the contents of applications required to be filed under the provisions of section 7 of the act, an application for the permission and approval of the abandonment of all or any portion of facilities subject to the jurisdiction of the Commission or any service rendered by means of such facilities, pursuant to subsection (b) thereof, or an application for a certificate of convenience and necessity pursuant to subsection (c) thereof, shall set forth sufficient facts to enable the Commission to ascertain the matters required to be determined under

the provisions of such subsections. The applicant shall furnish such additional information as the Commission may deem pertinent.

Sec. 57.2 Form of filing. An application under this part shall conform with Sec. 50.31 to Sec. 50.35, and the original application shall be signed and verified under oath by an executive officer of the applicant having knowledge of the matters therein set forth.

PART 58.—ACCOUNTS, RECORDS, AND MEMORANDA

Adjustment of Accounts and Reports

Sec. 58.1 Notice of deficiencies. If, as the result of an examination by a representative of the Commission of the accounts of a person subject to the act and to the Commission's accounting requirements, or of an examination of any statement or report submitted by such person, it appears that the accounts, or any books or records pertaining to or in support thereof, are not being kept and maintained as required by the Commission, or that the statements or reports prepared and submitted are not in proper form, the failure or deficiency will be called to the attention of such person either formally or informally as the circumstances appear to warrant.

Sec. 58.2 Response to notification. If, as the result of such formal or informal notice, the matter is not adjusted within the time fixed by said notice, or within a reasonable time in case no date is specified, or if there is a disagreement between such person and the Commission or its representative respecting the application or interpretation of the act or requirements of the Commission with respect to the matter at issue, such person will be requested to advise the Commission in writing within a time to be specified whether it consents to the disposition of the questions involved under the shortened procedure hereinafter provided.

Sec. 58.3 Facts and argument. If the person consents to the matter being handled under such shortened procedure, the person and any other parties interested, including representatives of the Commission, shall submit to the Commission, within 30 days after the receipt of notice from the Commission to do so, a memorandum of the facts and, separately stated, of the argument relied upon, to sustain the position taken respecting the matter at issue together with copies in sufficient number to enable the Commission to retain three copies for its own use and make service in accordance with Sec. 50.36 to Sec. 50.40 upon all parties designated in said notice. Twenty days will be allowed in which to file a reply by any party who filed an original memorandum.

Sec. 58.4 Form and style. All memoranda must conform to the requirements of Sec. 50.31 to Sec. 50.35, and each copy must be complete in itself. All per-

inent data should be set forth fully, and each memorandum should set out the facts and argument as prescribed for briefs in Sec. 50.67 to Sec. 50.71.

Sec. 58.5 Verification. The facts stated in the memorandum must be sworn to by persons having knowledge thereof, which latter fact must affirmatively appear in the affidavit. Except under unusual circumstances, such persons should be those who would appear as witnesses if hearing were had to testify as to the facts stated in the memorandum.

Sec. 58.6 Determination. If no formal hearing is had the matter in issue will be determined by the Commission on the basis of the facts and arguments submitted.

Sec. 58.7 Assignment for oral hearing. In case consent to the shortened procedure is not given, or if at any stage of the proceeding prior to the submission of the case to the Commission any party in interest requests a hearing, the proceeding will be assigned for hearing as provided for by Sec. 50.60 to Sec. 50.65. The Commission may also in its discretion set the proceeding for hearing on its own motion at any stage thereof.

Sec. 58.8 Burden of proof. The burden of proof to justify every accounting entry shall be on the person making, authorizing, or requiring such entry.

PART 67.—COOPERATIVE PROCEDURE WITH STATE COMMISSIONS

NOTE. Section 17 of the Natural Gas Act authorizes cooperation between the Federal Power Commission and the State commissions of the several States in the administration of said act. Subsection (a) authorizes the reference of any matter arising in the administration of the act to a board to be composed of a member or members from the State or States affected or to be affected by particular matters pending before the Federal Power Commission. Subsection (b) authorizes conferences with State commissions regarding the relationship between rate structures, costs, accounts, charges, practices, classifications, and regulations of natural gas companies, and joint hearings with State commissions in connection with any matter with respect to which the Federal Power Commission is authorized to act.

Obviously, it is impossible to determine in advance what matters should be the subject of a conference, what matters should be referred to a board, and what matters should be heard at a joint hearing of State commissions and the Federal Power Commission. It is understood, therefore, that the Federal Power Commission or any State commission will freely suggest cooperation with respect to any proceeding or matter affecting any natural gas company, and concerning which it is believed that cooperation will be in the public interest.

To enable this to be done, whenever a proceeding shall be instituted before any commission, Federal or State, in which

another commission is believed to be interested, notice should be promptly given each such interested commission by the commission before which the proceeding has been instituted. Inasmuch, however, as failure to give notice as contemplated by the provisions of this plan will sometimes occur purely through inadvertence, any such failure should not operate to deter any commission from suggesting that any such proceeding be made the subject matter of cooperative action, if cooperation therein is deemed desirable.

Sec. 67.1 Notice of institution of proceeding.

A. Whenever there shall be instituted before the Federal Power Commission any proceeding under the Natural Gas Act, the State commission or commissions of the State or States affected thereby will be notified immediately thereof by the Federal Power Commission, and each notice given a State commission will request such commission, if it deems the proceeding one which should be considered under the cooperative provisions of the act, to notify the Federal Power Commission as to the nature of its interest in said matter, and to request a conference, the creation of a board, or a joint hearing, if desired, indicating its preference and the reasons therefor.

B. Upon the receipt of such request the Federal Power Commission will consider the same, and may confer with the commission making the request and with other interested commissions, if any, in such manner as may be most suitable and, if cooperation shall appear to be practicable and desirable, shall so advise each interested State commission.

C. Each State commission should in like manner notify the Federal Power Commission of any proceeding instituted before it, the subject matter of which is also subject to the jurisdiction of the Federal Power Commission.

Sec. 67.2 Procedure governing joint conferences. The Federal Power Commission, in accordance with the indicated procedure, will confer with any State commission regarding any matter relating to the regulation of natural gas companies. The commission desiring a conference upon any such matter should notify the other without delay, and thereupon the Federal Power Commission will promptly arrange for a conference in which all interested State commissions will be invited to be represented.

Sec. 67.3 Procedure governing matters referred to a board. Whenever the Federal Power Commission, either upon its own motion or upon the suggestion of a State commission or at the request of any interested party, shall determine that it is desirable to refer a matter arising in the administration of the Natural Gas Act to a board to be composed of a member or members from the State or States affected or to be affected by such matter, the procedure shall be as follows:

The Federal Power Commission will send a request to each interested State commission to nominate a specified number of members to serve on such board. Whenever more than one State is involved, the representation of each State concerned shall be equal, unless one or more of the States affected chooses to waive such right of equal representation. When the member or members of any board have been nominated and appointed in accordance with the provisions of the Natural Gas Act, the Federal Power Commission will make an order referring the particular matter to such board, and such order shall fix the time and place of hearing, define the force and effect the action of the board shall have, the manner in which its proceedings shall be conducted, and specify the allowances to be made for the expenses of the members of the board. The rules of practice and procedure, as from time to time adopted or prescribed by the Federal Power Commission, shall govern such board, as far as applicable. The board shall have authority to adjourn the hearing from day to day, subpoena witnesses, rule on the relevancy, competency, and materiality of evidence, and, after hearing all interested parties, submit its recommendations to the Federal Power Commission, together with its findings of fact and conclusions of law.

Sec. 67.4 Procedure governing joint hearings. Whenever the Federal Power Commission, either upon its own motion or at the suggestion of any interested State commission, shall determine that a joint hearing is desirable in connection with any matter pending before the Federal Power Commission in which it is authorized to act, the procedure shall be as follows:

A. The Federal Power Commission will send a request to each interested State commission to name a specified number of members or representatives to sit with said Federal Power Commission or its member or representative in the joint hearing of said matter. Where more than one State is affected, the representation of each State concerned shall be equal, unless one or more of the States affected chooses to waive such right of equal representation, except that in cases where the number of States affected makes it impracticable for each State to be represented, the commissions of such States will be requested to name a representative committee not exceeding five in number to sit with the Federal Power Commission or its member or representative in the joint hearing of said matter. Where the joint hearing is upon a matter concerning which a proceeding is pending before a State commission in which action can be taken by said State commission, a joint record will be made.

B. Joint hearings will be followed by a conference to consider the facts developed of record, so as to provide opportunity for an exchange of views be-

fore final determination of the subject matter of the proceeding. Where a satisfactory exchange of views at such time proves impracticable, the State representative or representatives shall be afforded subsequent opportunity therefor in such manner as may be convenient.

C. When joint hearings are held, the rules of practice and procedure as from time to time adopted or prescribed by the Federal Power Commission shall govern, as far as applicable. The Federal Power Commission shall have authority to set the time and place of the hearing, subpoena witnesses, rule on the relevancy, competency, and materiality of evidence, and control in all other respects the conduct of such hearings.

Sec. 67.5 Special procedure may be prescribed in each case. The foregoing sections of this part are a general outline of procedure to be followed with respect to cooperation with State commissions under section 17 of the Federal Power Act. In any particular case, an order may be entered setting forth the manner in which said proceeding shall be conducted.
