## Executive Order 11380

**AMENDING PRIOR EXECUTIVE ORDERS RELATING TO MUTUAL EDUCATIONAL AND CULTURAL EXCHANGE AND TO ALLOWANCES AND BENEFITS FOR GOVERNMENT PERSONNEL ON OVERSEAS DUTY**

By virtue of the authority vested in me by the Mutual Educational and Cultural Exchange Act of 1961 (75 Stat. 527; 22 U.S.C. 2451 et seq.) and section 301 of title 3 of the United States Code, and as President of the United States, it is ordered as follows:

**PART I. MUTUAL EDUCATIONAL AND CULTURAL EXCHANGE**

SECTION 101. Executive Order No. 11034 of June 25, 1962, is hereby amended as follows:

(1) By changing the period at the end of section 1(b) to a comma and by inserting after that comma the following: "excluding, however, the reports for which the Director of the United States Information Agency is responsible under section 2(b) of this order."

(2) By substituting for the paragraph designations (a), (b), (c), and (d) in section 2 new paragraph designations (1), (2), (3), and (4), respectively; by inserting the subsection designation (a) after the catchline of section 2; and by adding a new subsection (b) of section 2, reading as follows:

"(b) The Director of the United States Information Agency shall prepare and transmit to the President the reports which the President is required to submit to the Congress by section 108(b) of the Act to the extent that they are with respect to activities carried out by the United States Information Agency pursuant to section 102(a) (2) (iii) and section 102(a) (3) of the Act."

(3) By adding a new paragraph at the end of section 8(a), reading as follows:

"(15) Any provision of law or limitation of authority to the extent that such provision or limitation would limit or prohibit (i) receipt of admission fees or payments under contracts through advances or otherwise, for concessions, services, space, or other consideration, and the credit of such receipts to the applicable appropriation, and (ii) rental or lease for periods not exceeding ten years of buildings and grounds."

(4) By adding a new paragraph at the end of section 10, reading as follows:

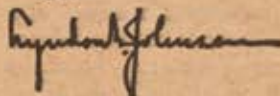

"(c) References in this order to this order shall be deemed to include references thereto as amended from time to time."

Sec. 2. It is hereby determined that the performance by any department or other executive agency of functions authorized by sections 102(a) (2) and 102(a) (3) of the Mutual Educational and Cultural Exchange Act of 1961 (22 U.S.C. 2452(a) (2) and (3)) without regard to the provisions and limitations referred to in section (8) (a) (15) of Executive Order No. 11034 of June 25, 1962 (to the extent set forth in the latter section) is in furtherance of the purposes of that Act.

PART II. APPROVAL OF CERTAIN REGULATIONS RELATING  
TO LIVING QUARTERS

SEC. 201. Executive Order No. 10903 of January 9, 1961, as amended, is hereby further amended by inserting at the end of section 1 thereof a new paragraph (g), reading as follows:

"(g) The authority vested in the President by section 5912 of title 5 of the United States Code to approve regulations prescribed by heads of agencies (under which employees who are citizens of the United States permanently stationed in foreign countries may be furnished, without cost to them, living quarters, including heat, fuel, and light, in government-owned or rented buildings)."

### Chapter I—Civil Service Commission

#### PART 713—EQUAL OPPORTUNITY

##### Miscellaneous Amendments

Part 713 is amended in several respects to implement Executive Order 11375 and include prohibitions against sex discrimination in the regulations relating to equal opportunity in employment. The amendments set forth below are effective November 12, 1967.

The authority for §§ 713.200 to 713.40 is amended to read as follows:

**AUTHORITY:** Secs. 713.201 to 713.401 issued under 5 U.S.C. 1301, 3301, 3302, 7151-7154, 7301; E.O. 10577, 19 F.R. 7521, 3 CFR 1954-58 Comp., p. 218; E.O. 11222, 30 F.R. 6469, 3 CFR, 1965 Supp., p. 130; E.O. 11246, 30 F.R. 12319, 3 CFR, 1965 Supp., p. 167; E.O. 11375, 32 F.R. 14303.

The heading for Subpart B is amended to read:

#### Subpart B—Equal Opportunity Without Regard to Race, Color, Religion, Sex, or National Origin

Section 713.201(a) is amended to read as follows:

##### § 713.201 Purpose and applicability.

(a) *Purpose.* This subpart sets forth the regulations under which an agency shall establish a program for equal opportunity in employment and personnel operations without regard to race, color, religion, sex, or national origin and under which the Commission will review an agency's program and entertain an appeal from a person dissatisfied with an agency's processing of his complaint of discrimination on grounds of race, color, religion, sex, or national origin.

Section 713.202 is amended to read as follows:

##### § 713.202 General policy.

It is the policy of the Government of the United States and of the government of the District of Columbia to provide equal opportunity in employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex, or national origin, and to promote the full realization of equal employment opportunity through a positive, continuing program in each agency.

Section 713.203 (a), (b), (c) and (g) are amended to read as follows:

##### § 713.203 Agency program.

The head of an agency shall exercise personal leadership in establishing,

maintaining, and carrying out a positive, continuing program designed to promote equal opportunity in every aspect of agency employment policy and practice. Under the terms of its program, an agency shall:

(a) Conduct a continuing campaign to eradicate every form of prejudice or discrimination based upon race, color, religion, sex or national origin from the agency's personnel policies and practices and working conditions;

(b) Reappraise job structure and employment practices and adopt positive and special recruitment, training, job design, and other measures needed in order to insure genuine equality of opportunity to participate fully in all organizational units, occupations, and levels of responsibility in the agency;

(c) Communicate the agency's equal employment opportunity policy and program and its employment needs to sources of qualified applicants without regard to race, color, religion, sex, or national origin, and solicit their recruitment assistance on a continuing basis;

(g) Provide for careful consideration and a just and expeditious disposition of complaints involving issues of discrimination on grounds of race, color, religion, sex, or national origin.

Sections 713.211, 713.212, 713.217 and 713.225 are amended to read as follows:

##### § 713.211 General.

An agency shall insure that its regulations governing the processing of complaints of discrimination on grounds of race, color, religion, sex, or national origin comply with the principles and requirements in §§ 713.212 through 713.220.

##### § 713.212 Coverage.

The agency shall provide in its regulations for the acceptance of a complaint from any aggrieved employee or qualified applicant for employment who believes that he has been discriminated against because of race, color, religion, sex, or national origin. A complaint may also be filed by an organization for the aggrieved employee or applicant and with his consent.

##### § 713.217 Relationship to other agency appellate procedures.

When a complainant makes a written allegation of discrimination on grounds of race, color, religion, sex, or national origin in connection with an action that would otherwise be processed under the agency's grievance or other internal appeal procedure, the agency may process the allegation of discrimination under its grievance or other internal appeal procedure when that procedure meets the

principles and requirements in sections 713.212 through 713.218 and the head of the agency, or his designee, makes the final decision on the issue of discrimination. That decision on the issue of discrimination shall be incorporated in and become a part of the decision on the grievance or other internal appeal.

##### § 713.225 Relationship to other appeals.

When the basis of the complaint of discrimination because of race, color, religion, sex, or national origin involves an action which is otherwise appealable to the Commission, the case, including the issue of discrimination, will be processed under the regulations appropriate to that appeal when the complainant makes a timely appeal in accordance with those regulations.

The heading for Subpart D is amended to read:

#### Subpart D—Equal Opportunity Without Regard to Politics, Marital Status, or Physical Handicap

##### § 713.402 [Revoked]

Section 713.402 is revoked.

UNITED STATES CIVIL SERVICE COMMISSION,

[SEAL] JAMES C. SPRY,  
Executive Assistant to  
the Commissioners.

## Title 7—AGRICULTURE

### Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Lemon Reg. 294]

#### PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

##### Limitation of Handling

##### § 910.594 Lemon Regulation 294.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is

[Grapefruit Reg. 47]

hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on November 7, 1967.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period November 12, 1967, through November 18, 1967, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 46,500 cartons;
- (iii) District 3: 139,500 cartons.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: November 8, 1967.

## PART 912—GRAPEFRUIT GROWN IN INDIAN RIVER DISTRICT IN FLORIDA

### Limitation of Handling

#### § 912.347 Grapefruit Regulation 47.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 912, as amended (7 CFR Part 912), regulating the handling of grapefruit grown in the Indian River District in Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Indian River Grapefruit Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Indian River grapefruit, and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Indian River grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on November 7, 1967.

(b) *Order.* (1) The quantity of grapefruit grown in the Indian River District which may be handled during the period November 13, 1967, through November 19,

1967, is hereby fixed at 160,000 standard packed boxes.

(2) As used in this section, "handled," "Indian River District," "grapefruit," and "standard packed box" have the same meaning as when used in said amended marketing agreement and order.

[CCC Grain Price Support Resale Loan Regs., 1965 and Subsequent Storage Periods, Amdt. 5]

## PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

### Subpart—Resale Loan Program

#### ELIGIBILITY REQUIREMENTS

The regulations issued by CCC and published in 30 F.R. 2852 and 32 F.R. 5767 are hereby further amended as follows:

In § 1421.3483, paragraphs (c) and (d) are amended to provide that a new loan must be requested prior to the loan maturity date for the commodity and disbursed not later than 2 months following such maturity date, unless a later date is authorized by the county committee. The amended paragraphs will now read:

#### § 1421.3483 Eligibility requirements.

(c) *New loans.* A producer who has a farm-stored commodity eligible for price support must place such commodity under loan in order for it to be eligible for resale. A producer must request such resale loan by the maturity date for loans on the commodity unless a later date is authorized by the county committee.

(d) *Disbursement of loans.* Disbursement of a new loan referred to in paragraph (c) of this section will be made to a producer by ASCS county offices by means of a draft drawn on CCC or by credit to the producer's account. The new loan for resale purposes must be disbursed not later than 2 calendar months after the original maturity date for the commodity unless a later date is authorized by the county committee. The producer shall not present the loan documents for disbursement unless the commodity covered by the mortgage is in existence. If the commodity was not in existence at the time of disbursement, the total amount disbursed under the loan shall be refunded promptly by the producer.

Effective date: Upon publication in the  
FEDERAL REGISTER.

Signed at Washington, D.C., on No-  
vember 6, 1967.

## Title 12—BANKS AND BANKING

### Chapter V—Federal Home Loan Bank Board

#### SUBCHAPTER D—FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

[No. 21,001]

### PART 563—OPERATIONS

#### Sale of Participating Interests Otherwise Than to Insured Institutions

NOVEMBER 2, 1967.

Resolved that, notice and public procedure having been duly afforded (32 F.R. 12922) and all relevant material presented or available having been considered by it, the Federal Home Loan Bank Board, upon the basis of such consideration and for the purpose of permitting the sale of certain participating interests to noninsured savings and loan associations without approval of the Corporation, hereby amends § 563.9-2 of the rules and regulations for insurance of accounts (12 CFR § 563.9-2) to read as follows, effective December 13, 1967:

#### § 563.9-2 Sale of participating interests otherwise than to insured institutions.

Unless with the prior written approval of the Corporation, a sale by an insured institution, otherwise than to an insured institution or other building and loan, savings and loan, or homestead association or cooperative bank, of a participating interest in any loan on the security of real estate located more than 50 miles from its principal office and outside the territory in which the institution was operating on June 27, 1934, is hereby prohibited, except that the foregoing provision of this sentence shall not be applicable if the purchaser has the exemption from taxation provided by

subsection (a) of section 501 of the Internal Revenue Code as now or hereafter in effect or if there is with respect to any of the shares, deposits, or investments in the purchaser, any insurance or guaranty by an institution which has said exemption. An insured institution shall be entitled to rely on a written statement of the purchaser that the purchaser has such exemption or that such insurance or guaranty exists, provided such institution has received such written statement within 2 years prior to the sale. No sale shall be made pursuant to the exception in the first sentence of this section unless the seller, at the close of the sale, has a participation of at least 50 percent in such loan, and any sale so made shall be regarded as a sale of a loan within the meaning of the first sentence of § 563.23 and shall be subject to the limitation contained in said sentence, but the dollar amount of the participating interest sold shall be deemed to constitute, for the purposes of said sentence of § 563.23, the dollar amount of the loan sold. An insured institution which has sold a participating interest in a loan pursuant to the exception in the first sentence of this section shall not, without the prior written approval of the Corporation, sell or dispose of its participating interest or any part thereof (except to a Federal Home Loan Bank by way of security only) unless, at the close of such sale or other disposition, it has a participation of at least 50 percent in such loan. The last sentence of § 563.23 shall not be applicable to a sale of a participating interest in any loan pursuant to the exception in the first sentence of this section, but any sale by an insured institution of a participating interest in a loan pursuant to said exception shall be without recourse, and the term "without recourse" as used in this sentence shall have the meaning set forth in § 561.8 of this chapter.

## Title 13—BUSINESS CREDIT AND ASSISTANCE

### Chapter I—Small Business Administration

[Rev. 3, Amdt. 1]

### PART 120—LOAN POLICY

#### Terms and Conditions of Financial Assistance

Section 120.3 of Part 120 of Title 13 of the Code of Federal Regulations is hereby amended by revising paragraph (a) thereof to read as follows:

**§ 120.3 Terms and conditions of financial assistance.**

(a) **Maturities.** The maturity of business loans made under the Small Business Act shall be restricted to the minimum consistent with sound business practice. The maturity may not exceed 10 years, except that such portion of a loan made for the purpose of constructing facilities may have a maturity not in excess of 15 years.

Effective date: October 11, 1967.

ROBERT C. MOOT,  
Administrator.

[Rev. 3, Amdt. 1]

**PART 122—BUSINESS LOANS**

**Maturities**

Part 122 of Title 13 of the Code of Federal Regulations is hereby amended by revising § 122.17 thereof to read as follows:

**§ 122.17 Maturities.**

The maturity of each loan (except as specifically provided herein) is limited to not more than 10 years, except that such portion of a loan made for the purpose of constructing facilities may have a maturity of not in excess of 15 years. Maturities shall be restricted to the minimum consistent with sound business practice. Loans are generally repayable monthly with payments to include both principal and interest. Special repayment plans may be arranged to meet those situations where income is seasonal.

Effective date: October 11, 1967.

ROBERT C. MOOT,  
Administrator.

**Title 14—AERONAUTICS AND SPACE**

**Chapter I—Federal Aviation Administration, Department of Transportation**

[Docket No. 8385; Amdt. 39-510]

**PART 39—AIRWORTHINESS DIRECTIVES**

**British Aircraft Corp. Model BAC 1-11, 400 Series Airplanes**

A proposal to amend Part 39 of the Federal Aviation regulations to include an airworthiness directive requiring periodic inspection for failures or signs of fretting of the flap secondary transmission shafts located between the Nos. 1 and 2 screw jacks on BAC 1-11, 400 Series airplanes was published in 32 F.R. 12920.

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation regulations is amended by adding the following new airworthiness directive:

**BRITISH AIRCRAFT.** Applies to Model BAC 1-11, 400 Series airplanes.

Compliance required as indicated unless already accomplished.

To prevent the failure of the flap secondary transmission shaft, Hobson P/N CHA 561-067, located between the No. 1 and No. 2 screw jacks, accomplish the following:

(a) Within the next 350 landings after the effective date of this AD or before the accumulation of 1,500 landings, whichever occurs later, visually inspect the flap secondary transmission shafts, Hobson P/N CHA 561-067, located between the No. 1 and No. 2 screw jack positions, for failure or signs of fretting deposit around each end fitting and each fairlead sleeve, in accordance with British Aircraft Corp. BAC 1-11 Alert Service Bulletin No. 27-A-PM 3034, Issue 1, dated June 5, 1967, or later ARB-approved issue, or an equivalent approved by the Chief, Aircraft Certification Staff, FAA, Europe, Africa, and Middle East Region.

(b) If a fretting deposit is detected during the inspection required by paragraph (a), repeat the inspection required by paragraph (a) at intervals not to exceed 70 landings from the last inspection.

(c) If a fretting deposit is not detected during the inspection required by paragraph (a), repeat the inspection required by paragraph (a) at intervals not to exceed 350 landings from the last inspection.

(d) Replace failed flap secondary transmission shafts, Hobson P/N CHA 561-067, before further flight with a new shaft of the same part number or with a shaft repaired in accordance with BAC 1-11 Alert Service Bulletin No. 27-A-PM 3034, Issue 1, dated June 5, 1967, or later ARB-approved issue, or an equivalent repair approved by the Chief, Aircraft Certification Staff, FAA, Europe, Africa, and Middle East Region. Continue the inspections required by paragraphs (a), (b), and (c) for the replacement or repaired shafts.

(e) The inspections required by paragraphs (a), (b), and (c) may be discontinued when the airplanes are modified in accordance with BAC 1-11 Service Bulletin 27 PM 3034, Part (a), or later ARB-approved issue, or an equivalent approved by the Chief, Aircraft Certification Staff, FAA, Europe, Africa, and Middle East Region.

(f) For the purpose of complying with this AD, subject to acceptance by the assigned FAA maintenance inspector, the number of landings may be determined by dividing each airplane's hours' time in service by the operator's fleet average time from take-off to landing for the airplane type.

This amendment becomes effective December 11, 1967.

**PART 39—AIRWORTHINESS DIRECTIVES**

**Hawker Siddeley Model DH-125 Series 1A and 1A-522 Airplanes, Serial Nos. 25013 Through 25104**

A proposal to amend Part 39 of the Federal Aviation regulations to include an airworthiness directive requiring the engine mount beam which lies across the fuselage in the rear equipment bay of Hawker Siddeley Model DH-125 Series 1A and 1A-522 airplanes, Serial Nos. 25013 through 25104, to be strengthened by stabilizing the flanges at the outboard ends and the replacement of the foam filler with aluminum guard plates was published in 32 F.R. 12921.

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation regulations is amended by adding the following new airworthiness directive:

**HAWKER SIDDELEY.** Applies to Model DH-125 Series 1A and 1A-522 airplanes, Serial Nos. 25013 through 25104.

Compliance required within the next 500 hours' time in service after the effective date of this AD, unless already accomplished.

To preclude the possibility of engine mount beam failure, modify the engine mount beam by removing the foam filler, reinforcing the lower flanges at the outboard ends with bar inserts and installing aluminum guard plates, in accordance with Hawker Siddeley Service Bulletin 53-22-(1723), Revision 1, dated April 10, 1967, or later ARB-approved revision or an equivalent approved by the Chief, Aircraft Certification Staff, FAA, Europe, Africa, and Middle East Region.

This amendment becomes effective December 11, 1967.

**PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS**

**Alteration of Federal Airways**

On August 15, 1967, a notice of proposed rule making was published in the FEDERAL REGISTER (32 F.R. 10450) in response to a Canadian Department of Transport proposal that would designate the U.S. portion of a west alternate segment to VOR Federal airway No. 317.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. No comments were received.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., January 4, 1968, as hereinafter set forth.

Section 71.125 (32 F.R. 2058, 13760) is amended as follows: In V-317, "From Ethelda Bay, British Columbia RBN via Annette Island, Alaska;" is deleted and "From Ethelda Bay, British Columbia RBN; Annette Island, Alaska, including a west alternate from Ethelda Bay, British Columbia RBN to Annette Island, Alaska, via the INT of Sandspit, British Columbia 039° and Annette Island, Alaska, 167° radials;" is substituted therefor.

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

### PART 75—ESTABLISHMENT OF JET ROUTES

#### Alteration of Jet Routes and Reporting Point

On July 4, 1967, a notice of proposed rule making was published in the FEDERAL REGISTER (32 F.R. 9708) stating that the Federal Aviation Administration was considering amendments to Parts 71 and 75 of the Federal Aviation Regulations that would relocate Jet Route Nos. 4, 21, 25, 42, 52, 58, 66, 72, 74, 76, 87, and 105 from the Dallas, Tex., VORTAC to the Greater Southwest, Tex., VORTAC and substitute the Greater Southwest VORTAC for the Dallas VORTAC as a designated high altitude reporting point.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In consideration of the foregoing, Parts 71 and 75 of the Federal Aviation Regulations are amended, effective 0001 e.s.t., January 4, 1968, as hereinafter set forth.

1. In §71.207 (32 F.R. 2282) "Dallas, Tex." is deleted and "Greater Southwest, Tex." is substituted therefor.

2. Section 75.100 (32 F.R. 2341, 7820) is amended as follows:

a. In J-4, 42, 52, 58, 72, 74, 76, and 105, "Dallas" is deleted wherever it appears and "Greater Southwest" is substituted therefor.

b. In J-21 "Dallas, Tex.; Oklahoma City, Okla.;" is deleted and "INT Austin 016° and Greater Southwest, Tex., 190° radials; Greater Southwest; INT Greater Southwest 356° and Oklahoma City, Okla., 158° radials; Oklahoma City;" is substituted therefor.

c. In J-25 "Dallas, Tex.;" is deleted and "INT Austin 016° and Greater Southwest, Tex.; 190° radials; Greater Southwest;" is substituted therefor.

d. J-66 is amended to read as follows:

J-66 (GREATER SOUTHWEST, TEX., TO  
LITTLE ROCK, ARK.)

From Greater Southwest, Tex.; to Little Rock, Ark.

e. In J-87 all before "Butler, Mo.;" is deleted and "From Houston, Tex., via Greater Southwest, Tex.; Tulsa, Okla.;" is substituted therefor.

200.39 Other improvement loans.

**Subpart B—Functions and Programs**

Section 200.5 is amended to read as follows:

**§ 200.5 Scope and nature of programs.**

The Federal Housing Administration does not make loans or build housing but operates insurance programs under the provisions of the National Housing Act. The FHA provides insurance for private lenders against loss on mortgages financing homes, multifamily projects, land development projects, and group practice facilities projects and against loss on loans for property improvements. It also provides insurance of yields on investments in rental housing projects. All mortgage and loan transactions must be acceptable to the Commissioner. The various insurance programs are outlined in §§ 200.10 through 200.39, and more particularly described in other parts of this chapter.

In Part 200 a new § 200.7 is added to read as follows:

**§ 200.7 Forms for mortgage and loan insurance.**

Forms and instructions for obtaining assistance under each of the various FHA mortgage and loan insurance programs may be obtained from any FHA insuring office. When fully executed, forms are submitted to the insuring office having jurisdiction of the area where the property is located and for which insurance assistance is requested.

In § 200.10 paragraph (a) is amended to read as follows:

**§ 200.10 One- to four-family homes.**

(a) The FHA insures mortgages on one- to four-family dwellings. The maximum mortgage cannot exceed the lesser of a dollar amount (which varies depending upon whether the residence is one-, two-, three- or four-family) and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the property.

In § 200.11 paragraph (a) is amended to read as follows:

**§ 200.11 Disaster damage to homes.**

(a) The FHA insures mortgages given to finance the replacement of homes destroyed or extensively damaged by major disasters. The maximum mortgage cannot exceed the lesser of a dollar amount and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the property.

In § 200.12 paragraph (a) is amended to read as follows:

**§ 200.12 Suburban and farm homes.**

(a) The FHA insures mortgages on single-family owner-occupied homes located in sparsely populated nonurban areas and farm areas. The land on which the house is located must be adjacent to a public highway. The maximum mortgage cannot exceed the lesser of a dollar amount and an amount computed

under a statutory formula based on the ratio the loan bears to the appraised value of the property.

In § 200.13 paragraph (a) is amended to read as follows:

**§ 200.13 Homes for servicemen.**

(a) The FHA insures mortgages on single-family dwellings owned and occupied by servicemen on active duty with the Armed Forces or the Coast Guard. The maximum mortgage cannot exceed the lesser of a dollar amount and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the property. Certification by the Secretary of Defense (or the Secretary of Transportation for Coast Guard personnel) is required to the effect that the serviceman requires housing and that he is and has been for more than 2 years on active military duty.

Section 200.14 is amended to read as follows:

**§ 200.14 Homes for veterans.**

(a) The FHA insures mortgages on single-family dwellings owned and occupied by veterans. To qualify as a veteran, the mortgagor must have served 90 days or more on active duty in the armed forces of the United States and have been discharged or released therefrom under conditions other than dishonorable. Extra hazardous duty for a period of less than 90 days will also qualify a mortgagor as a veteran. The maximum mortgage cannot exceed the lesser of a dollar amount and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the property. The program offers lower downpayment mortgage financing for the veteran than is available under the regular home mortgage insurance program described in § 200.10.

(b) This program is authorized under title II, sections 203 and 220 of the National Housing Act and title VIII, section 809 of such Act. The applicable regulations are contained in Parts 203, 220, and 809 of this chapter.

Section 200.15 is amended to read as follows:

**§ 200.15 Housing for civilian employees of the Armed Services, NASA, and AEC.**

(a) The FHA insures mortgages covering purchases of one- to four-family homes by civilian employees of an Armed Services or National Aeronautics and Space Administration research and development installation and by civilian and military personnel employed or assigned to duty at an Atomic Energy Commission research and development installation. The maximum mortgage cannot exceed the lesser of a dollar amount and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the property. Certification by the Secretary of Defense, the Administrator of the NASA

or the Chairman of the AEC, as appropriate, is required regarding the status of the mortgagor as an employee at the installation (civilian employee or person on military duty), the mortgagor's need for housing, the general need for housing accommodations at the installation, and the permanency of the personnel assigned to the installation. The Secretary of Defense, the Administrator of the NASA or the Chairman of the AEC, as appropriate, may be required to guarantee the insured mortgages, if the Commissioner determines that the housing is not an acceptable risk.

(b) This program is authorized by section 809 of the National Housing Act and governed by the regulations contained in Part 809 of this chapter.

Section 200.19 is amended to read as follows:

**§ 200.19 Other home mortgage assistance.**

The FHA offers other types of home mortgage insurance assistance in connection with programs under other titles of the National Housing Act as indicated by §§ 200.25, 200.26, 200.30, and 200.32 through 200.35 of this subpart.

In § 200.20 paragraph (a) is amended to read as follows:

**§ 200.20 Rental projects.**

(a) The FHA insures mortgages, including advances made during construction, on rental projects of eight or more units developed either by a private or public mortgagor. The statute prescribes a maximum mortgage determined by a dollar amount, an amount computed under a formula based on the ratio the loan bears to the appraised value of the property, and a varying amount depending upon the number of bedrooms in each dwelling unit.

Section 200.21 is amended to read as follows:

**§ 200.21 Housing for the elderly.**

(a) The FHA insures mortgages, including advances made during construction, on housing projects for the elderly developed by a private, profit-making mortgagor or a nonprofit organization, a Federal or State instrumentality, a municipal corporation, or a nonprofit development or housing corporation. Preference for occupancy in such projects is required for elderly persons 62 years of age or over and for the physically handicapped. The statute prescribes a maximum mortgage determined by a dollar amount, an amount computed under a formula based on a ratio the loan bears to the replacement cost of the property, and a varying amount depending upon the number of bedrooms in each dwelling unit.

(b) This program is authorized under section 231 of the National Housing Act and governed by the regulations contained in Part 231 of this chapter.

Section 200.22 is amended to read as follows:

**§ 200.22 Nursing homes.**

(a) The FHA insures mortgages, including advances made during construction, on nursing homes either of the proprietary or nonprofit type. The statute prescribes a maximum mortgage determined by a dollar amount and an amount computed under a formula based on a ratio the loan bears to the estimated value of the property.

(b) This program is authorized under section 232 of the National Housing Act and governed by the regulations contained in Part 232 of this chapter.

In § 200.24 paragraph (b) is amended to read as follows:

**§ 200.24 Investment insurance.**

(b) This program is authorized under title VII of the National Housing Act and governed by Part 702 of this chapter.

Section 200.25 is amended to read as follows:

**§ 200.25 Armed services housing—impacted areas.**

(a) The FHA insures mortgages on rental and sales housing projects developed for military personnel and essential civilian employees of the armed services or Coast Guard, employees of contractors for the armed services or Coast Guard, and essential personnel employed or assigned to duty at a research or development installation of the National Aeronautics and Space Administration or the Atomic Energy Commission or employees of a contractor of NASA or AEC who are employed at a research or development installation. The statute prescribes a maximum mortgage determined by a dollar amount and an amount computed under formulas, which differ for the rental and sales projects, based on the ratio the loan bears to the appraised value of the property. In rental projects, there is an additional limitation based on the number of bedrooms in each dwelling unit. Provision is included for the insurance of the mortgages financing the purchase of the individual dwelling units in a sales project.

(b) This program is authorized under title VIII, section 810 of the National Housing Act and governed by regulations contained in Part 810 of this chapter.

In Part 200 new §§ 200.26, 200.27, and 200.28 are added to read as follows:

**§ 200.26 Condominium ownership.**

(a) The FHA insures mortgages, including construction advances, on multifamily housing projects developed with the intention of converting, upon construction, to a plan of apartment ownership under which the family units in the project are sold to individual owners. In addition, insurance is provided for mortgages financing the purchase of the individually owned apartment units.

(b) The maximum mortgage is computed as follows:

(1) Multifamily housing project mortgages are limited to the lesser of a dollar amount, an amount computed under a

statutory formula based on the ratio the loan bears to the replacement cost of the project, or an amount based on the number of bedrooms in each dwelling unit.

(2) Individual mortgages on the apartment units are limited to the lesser of a dollar amount and an amount computed under a statutory formula based on the ratio the loan bears to the appraised value of the apartment unit.

(c) This program is authorized under section 234 of the National Housing Act. The applicable regulations are contained in Part 234 of this chapter.

**§ 200.27 Land development.**

(a) The FHA insures mortgages for land development in connection with subdivisions and new communities. This authorization is designed to assist private enterprise by enabling private developers to purchase raw land and develop it to provide a steady supply of improved building sites in an orderly and economical manner. The type of improvements to be installed by the developer and which may be financed with the mortgage proceeds includes installations for water lines, water supply, sewage disposal, for complete water or sewerage systems; roads, streets, curbs, gutters, sidewalks, and storm drains. The total outstanding principal of mortgages, involving a single land development undertaking, shall at no time exceed a dollar amount prescribed by statute. The statute further prescribes a maximum mortgage determined by the ratio the loan bears either to the value of the property after completion of the land development or the value before proposed development plus the cost of such development. The mortgage has a fixed maturity which may be extended where the financing of a water or sewerage system or of a new community is involved.

(b) This program is authorized under title X of the National Housing Act and governed by regulations contained in Part 1000 of this chapter.

**§ 200.28 Group practice facilities.**

(a) The FHA insures mortgages to make credit available on reasonable terms to finance construction and equipment of medical, dental and optometric group practice facilities. The sponsoring group or organization may be either profit motivated or nonprofit, but the mortgagor entity must be nonprofit. It may operate the proposed facility or lease it to a professional group, either profit or nonprofit. The professional group, of not less than five physicians or not less than three dentists and optometrists, all on a full-time schedule, shall have the intention and capability of providing preventive and diagnostic treatment services of a comprehensive nature under a coordinated program with payment for such services on either a prepayment or fee-for-service basis. The 25-year mortgage shall not exceed the lesser of a dollar amount or an amount computed under a statutory formula based on a ratio the loan bears to the estimated value of the property, including equipment.

(b) The program is authorized under title XI of the National Housing Act and governed by regulations contained in Part 1100 of this chapter.

Section 200.29 is amended to read as follows:

**§ 200.29 Other project mortgage assistance.**

The FHA offers other types of project mortgage insurance in connection with programs under other titles of the National Housing Act as indicated by §§ 200.30 through 200.35 of this subpart.

In § 200.30 paragraphs (a) and (b) are amended to read as follows:

**§ 200.30 Cooperative projects.**

(a) The FHA insures mortgages, including construction advances, on cooperative housing projects. The mortgagor may be a nonprofit cooperative ownership housing corporation or trust, the permanent occupancy of the dwellings being restricted to members of the corporation or beneficiaries of the trust (management type project), or a nonprofit corporation or trust organized for the purpose of building homes for members (sales type project) or a corporate investor that certifies to the FHA its intention of selling the project to a cooperative group within 2 years after completion (investor-sponsor project). In addition, the FHA insures supplementary cooperative loans to a nonprofit cooperative project for improvements or repairs to property which is already covered by an FHA-insured project mortgage or for community facilities necessary to serve the occupants of such projects or to finance cooperative purchases and resales of membership.

(b) The maximum mortgage on project type housing cannot exceed the lesser of a dollar amount or an amount computed under a statutory formula based on a ratio the loan bears to the replacement cost of the property. In the case of sales type projects, provision is made for the release of the individual properties from the blanket project mortgage, and the insurance of the individual mortgage covering the individual dwelling with the principal amount limited to the unpaid balance of the blanket mortgage allocable to the individual property as of the date of the release. In the case of a supplementary cooperative loan, the loan is basically limited to an amount which when added to the outstanding mortgage indebtedness creates a total indebtedness which does not exceed the original principal obligation of the mortgage. The total indebtedness created by the supplementary cooperative loan may exceed the original principal obligation where improvements or additional community facilities are involved, provided such total does not exceed the mortgage amount which would be eligible for insurance if the original mortgage were to be replaced with a new insured mortgage refinancing the existing indebtedness and financing the improvements.

In § 200.32 paragraphs (a) and (b) are amended to read as follows:

**§ 200.32 Residential rehabilitation.**

(a) In urban renewal areas, the FHA insures mortgages on dwellings designed principally for residential use by not more than 11 families and on multifamily rental projects. The mortgages may be for financing the rehabilitation of existing salvable housing (including the refinancing of existing indebtedness) or for the replacement of slums with new housing. Insurance on multifamily project mortgages may include coverage of construction advances.

(b) The determination of maximum mortgage is governed by the following:

(1) On a 1- to 11-family dwelling the mortgage is limited to the lesser of a dollar limitation, governed by the number of residences in the dwelling, or a ratio of loan to the estimated replacement cost established under a statutory formula. Where rehabilitation is involved, an additional adjustment in the maximum mortgage is made on the basis of the estimated cost of rehabilitation and the estimated value of the property prior to rehabilitation. Where refinancing is involved, a further adjustment is made on the basis of the amount required to pay off the outstanding indebtedness.

(2) On a multifamily project, the mortgage is limited to the lesser of:

- (i) A dollar amount.
- (ii) An amount computed under a statutory formula based on a ratio the loan bears to the replacement cost of the property with an additional adjustment made where the project involves rehabilitation and/or refinancing. Where rehabilitation is involved, the mortgage is adjusted on the basis of the estimated cost of rehabilitation and the estimated value of the property prior to rehabilitation. Where refinancing is involved, a further adjustment is made on the basis of the amount required to pay off the outstanding indebtedness.
- (iii) An amount based on the number of bedrooms in each dwelling unit.

Section 200.33 is amended and preceded by a new center heading to read as follows:

**LOW AND MODERATE INCOME HOUSING**

**§ 200.33 Low cost homes and moderate income projects.**

(a) The FHA insures mortgages on low cost homes for low and moderate income families with special terms available to families displaced from an urban renewal area, or as a result of governmental action, or as a result of a disaster determined by the President to be a major disaster. Also, mortgages are insured by the FHA, including construction advances, on projects for moderate income families involving profit, nonprofit, public, limited distribution and cooperative mortgages. Projects must be located in a community which the Secretary of Housing and Urban Development has approved and certified to the FHA as having a workable program designed to eliminate slums and prevent the spread of urban blight. Projects meeting special criteria may be insured at a below

market interest rate. Eligibility for occupancy of a project financed with a below market interest rate mortgage is limited to families and elderly or handicapped individuals having an income below the income ceiling established by the Commissioner for the area in which the project is located.

(b) The maximum mortgage on a low cost home is limited to the lesser of the value of the property or a dollar amount which depends on whether a one-, two-, three- or four-family residence is involved. Where rehabilitation is involved, an additional adjustment in the maximum mortgage is made on the basis of the estimated cost of rehabilitation and the estimated value of the property prior to rehabilitation. The maximum mortgage on a multifamily project is limited to the lesser of:

- (1) A dollar amount.
- (2) An amount computed under a statutory formula based on a ratio the loan bears to the replacement cost of the property with an additional adjustment made where the project involves rehabilitation. In such instances, the mortgage is limited to the estimated cost of rehabilitation plus the estimated value of the property prior to rehabilitation.
- (3) An amount based on the number of bedrooms in each dwelling unit.
- (c) This program is authorized under title II, section 221 of the National Housing Act and governed by regulations contained in Part 221 of this chapter.

In Part 200 a new § 200.35 preceded by a new center heading is added to read as follows:

**EXPERIMENTAL HOUSING INSURANCE**

**§ 200.35 Experimental housing.**

(a) The FHA insures mortgages on home and multifamily properties that incorporate new or untried construction concepts aimed at reducing housing costs, raising living standards, quality, livability or durability, or improving neighborhood design. The program contemplates the utilization and testing of advanced technology in housing design, materials, or products so as to contribute to the foregoing objectives. Mortgages or improvement loans that meet the eligibility requirements for insurance under any of the various FHA title II home or project mortgage programs may be eligible for insurance under the experimental housing section of the Act, provided the proposed construction meets applicable eligibility and property standards for the section of the Act under which it is to be processed. The maximum mortgage cannot exceed an amount computed under a statutory formula based on a ratio the loan bears to the estimated cost of replacing the property using comparable conventional design, materials and construction.

(b) This program is authorized under section 233 of the National Housing Act and governed by the regulations contained in Part 233 of this chapter.

Section 200.38 is amended to read as follows:

**§ 200.38 Title I improvement loans.**

(a) The FHA insures financial institutions against loss on short term loans (5 to 7 years) made to finance alterations, repairs and improvements to existing structures and the building of small new structures for nonresidential use. To be eligible, the existing structures must have been completed at least 90 days prior to the loan application.

(b) This program is authorized under title I, section 2 of the National Housing Act and governed by regulations contained in Part 201 of this chapter.

In Part 200 a new § 200.39 is added to read as follows:

**§ 200.39 Other improvement loans.**

(a) The FHA insures financial institutions against loss on long-term (20-year) loans made to finance the repair, restoration, rehabilitation, conversion, alteration, enlargement or remodeling of individual homes or multifamily structures. To be eligible, the structures must be not more than 10 years old, except where the loan is to be used for major structural improvements or to correct defects not known at the time of completion of the structure or where the structure has been damaged by fire, flood, windstorm, or other casualty. The loans may also be used by a borrower to pay municipal assessments for public improvements adjacent to or in the vicinity of the borrower's property. The loan amount is basically limited to the estimated cost of the improvements or a dollar maximum amount per family unit. There is an additional limitation on the loan amount based on the lesser of the following:

- (1) The amount of the improvement loan added to the outstanding indebtedness.
- (2) The maximum insurable loan for refinancing the existing indebtedness and financing the cost of improvements.
- (b) This program is authorized under title II, sections 203(k) and 220(h) of the National Housing Act and governed by regulations contained in Parts 203 and 220 of this chapter.

**Subpart G—Official Records**

In Part 200 §§ 200.185 and 200.186 are revoked as follows:

**§ 200.185 Availability of official records.**  
[Revoked]

**§ 200.186 Confidential official records.**

**Subpart A—Eligibility Requirements**

In § 203.19 paragraph (b) is amended to read as follows:

### § 203.19 Mortgagor's minimum investment.

(b) A mortgagor who is 62 years of age or older, as of the date the mortgage is accepted for insurance, or who meets the requirements of § 203.18(c), or who is purchasing a single-family home under a low income housing demonstration project which is being assisted by the Secretary of Housing and Urban Development pursuant to section 207 of the Housing Act of 1961, may obtain a loan to meet the payment required by paragraph (a) of this section and to pay settlement costs. Such loan shall be from a corporation or person satisfactory to the Commissioner. The settlement costs paid with the loan may include initial payments for taxes, hazard insurance premium, mortgage insurance premium, and other prepaid expenses, as determined by the Commissioner. As security for the loan, the mortgagor may give a note or other evidence of indebtedness bearing interest at a rate not in excess of that permitted in the insured mortgage. The aggregate amount of the insured mortgage and the loan referred to in this section shall not exceed an amount equal to the Commissioner's estimate of the appraised value of the property, plus an amount equal to the initial payments for taxes, hazard insurance premium, mortgage insurance premium, and other prepaid expenses, as determined by the Commissioner.

(a) In addition to meeting the dollar limitation set forth in § 809.4, the mortgage shall be in an amount not exceeding the following:

(1) *Approval prior to construction.* If the mortgage covers a dwelling approved for mortgage insurance (or for guaranty, insurance, or a direct loan by the Administrator of Veterans Affairs) prior to the beginning of construction or a dwelling which was completed more than 1 year preceding the date of the application for mortgage insurance, the sum of the following percentages of the Commissioner's appraised value of the property, as of the date the mortgage is accepted for insurance:

(i) 97 percent of the first \$15,000 of such value (100 percent of \$15,000 of such value or the sum of such value not in excess of \$15,000 and the items of prepaid expense approved by the Commissioner minus \$200, whichever appraisal amount or sum is the lesser, in the case of a mortgagor qualifying as a veteran).

(ii) 90 percent of such value in excess of \$15,000, but not in excess of \$20,000.

(iii) 80 percent (85 percent in the case of a mortgagor qualifying as a veteran) of such value in excess of \$20,000.

(2) *No prior approval.* A loan-to-value limitation of 90 percent of \$20,000 of the appraised value of the property, as of

the date the mortgage is accepted for insurance, and 80 percent (85 percent in the case of a mortgagor qualifying as a veteran) of such value in excess of \$20,000, if the dwelling does not meet the requirements in the introductory text of subparagraph (1) of this paragraph.

(b) Veteran qualifications: The special veteran terms provided in paragraph (a) shall only be applicable to a mortgage covering a single family dwelling executed by a mortgagor who submits to the Commissioner one of the following certifications:

(1) A Certificate of Veteran Status from the Veterans Administration establishing that he has served 90 days or more on active duty in the armed forces (U.S. Army, Navy, Marine Corps, Air Force, Coast Guard, the Army Reserve, the Naval Reserve, the Marine Corps Reserve, the Air Force Reserve, the Coast Guard Reserve, the National Guard of the United States, and the Air National Guard of the United States) of the United States and was discharged or released therefrom under conditions other than dishonorable.

(2) A certificate issued by the Secretary of Defense establishing that the mortgagor performed extra hazardous service while serving in the armed forces for a period of less than 90 days.

(Sec. 807, 69 Stat. 651; 12 U.S.C. 1748f, Interpret. or applies sec. 809, 70 Stat. 273; 12 U.S.C. 1748h-1)

## Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

### Chapter 50—Public Contracts, Department of Labor

#### PART 50-204—SAFETY AND HEALTH STANDARDS FOR FEDERAL SUPPLY CONTRACTS

##### Radiation Standards for Mining

On August 26, 1967, notice of proposed rule making regarding an amendment to the radiation standards for mining was published in the FEDERAL REGISTER (32 F.R. 12449). After consideration of all matters presented in response, the proposed amendment is adopted together with appropriate revision of the record-keeping requirements. The amended regulation will be effective December 14, 1967.

As amended, the title of 41 CFR 50-204.321 and its paragraphs (b), (c), and (d) read as follows:

##### § 50-204.321 Radiation standards for mining.

(b) Occupational exposure to radon daughters in mines shall be controlled so that no individual will receive an exposure of more than 1.8 working level months in any consecutive 3-month period and no more than 3.6 working level months in any consecutive 12-month period. Actual exposures shall be kept as far below these values as practicable: *Provided, however*, That mines with conditions that would result in an exposure of more than 3.6 working level months but not more than 12 working level months in any 12 consecutive months will be considered in compliance up to January 1, 1969, if an effective program is established and carried out to (1) protect the health and safety of employees exposed to these conditions, and (2) reduce the concentration to the 3.6 working level months standard by January 1, 1969.

(c) (1) For uranium mines, records of environmental concentrations in the occupied parts of the mine, and of the time spent in each area by each person involved in underground work shall be established and maintained. These records shall be in sufficient detail to permit calculations of the exposures, in units

of working level months, of the individuals and shall be available for inspection by the Secretary of Labor or his authorized agents.

(2) For other than uranium mines and for surface workers in all mines, subparagraph (1) of this paragraph will be applicable: *Provided, however*, That if no environmental sample shows a concentration greater than 0.3 working level in any occupied part of the mine, the maintenance of individual occupancy records and the calculation of individual exposures will not be required.

(d) (1) At the request of an employee (or former employee) a report of the employee's exposure to radiation as shown in records maintained by the employer pursuant to paragraph (c) of this section, shall be furnished to him. The report shall be in writing and contain the following statement:

This report is furnished to you under the provisions of the U.S. Department of Labor, Radiation Safety and Health Standards (41 CFR Part 50-204, section 321(d)). You should preserve this report for future reference.

(2) The former employee's request should include appropriate identifying data, such as social security number and dates and locations of employment.

(Sec. 4, 49 Stat. 2036, 2038; 41 U.S.C. 38; sec. 7, 60 Stat. 241; 5 U.S.C. 556(d))

Signed at Washington, D.C., this 7th day of November 1967.

#### PART 32—HUNTING

#### Bosque del Apache National Wildlife Refuge, N. Mex.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

#### § 32.22 Special regulations; upland game; for individual wildlife refuge areas.

##### NEW MEXICO

##### BOSQUE DEL APACHE NATIONAL WILDLIFE REFUGE

The public hunting of quail and rabbits on the Bosque del Apache National Wild-

life Refuge, N. Mex., is permitted from November 25, 1967, through January 7, 1968, inclusive, but only on the area designated by signs as open to hunting. This open area, comprising 27,200 acres, includes all refuge lands east of the Bureau of Reclamation Channelization Project, and is delineated on maps available at refuge headquarters, San Antonio, N. Mex., and from the Regional Director, Bureau of Sport Fisheries and Wildlife, Post Office Box 1306, Albuquerque, N. Mex. 87103. Hunting shall be in accordance with all applicable State and Federal regulations governing the hunting of quail and rabbits subject to the following conditions:

- (1) Hunting with rifles and handguns is prohibited.
- (2) Hunters must register in and check out at the registration booth at the

refuge entrance east of U.S. 85 opposite Refuge Headquarters. Entry from any other access point is prohibited.

(3) Vehicles are restricted to the access road and the road along the east side of the Bureau of Reclamation Channelization Project.

(4) No more than two dogs may be used by a hunter.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally, which are set forth in 50 CFR Part 32, and are effective through January 7, 1968.

# Proposed Rule Making

## POST OFFICE DEPARTMENT

[ 39 CFR Ch. 1 ]

### UNIFORM ALLOWANCE PAYMENTS BY POSTAL DATA CENTERS DI- RECTLY TO VENDORS

#### Notice of Proposed Rule Making

Pursuant to section 407(a) of Public Law 89-504, the Federal Salary and Fringe Benefits Act of 1966, the Department has decided to make direct payments to vendors who sell approved uniform items to eligible postal employees.

To avoid confusion or misunderstanding regarding the rights and duties of uniform vendors, the Department proposes that vendors be licensed and comply with a Code of Ethics. Licensed vendors will receive direct payments for the uniform items from the Postal Data Center. Vendors who are not licensed will not receive direct payment from the Department. The Department will not reimburse postal employees who make purchases of uniform items from vendors who are not licensed.

A copy of the proposed Code of Ethics and a copy of the Department's proposed procedures for making direct payments as well as a copy of proposed license are published herein. Interested persons are invited to submit written data, views, and arguments concerning the proposed standards within 30 days following the publication of this notice in the *FEDERAL REGISTER*. Such written comments should be directed to the Employee Benefits and Services Division, Bureau of Personnel, Post Office Department, Washington, D.C. 20260.

Accordingly, the proposed Code of Ethics, the direct payment procedure and the license regulations read as follows:

**I. Vendors license.** Qualified vendors will be licensed by the Bureau of Personnel. A listing of licensed vendors will be furnished all post offices involved. A copy of the listing will be furnished each Postal Data Center. Amendments to listings will be furnished to post offices and postal data centers.

**II. Actions on procurement.** A. Post Office Department employees will procure authorized uniform items from licensed vendors.

B. Whether authorized uniform items are purchased locally or by mail order, the procedure will be the same. Vendors will enter post office finance number, social security number, employee designation number, employee anniversary date and their license number on the original invoice or purchase order.

C. Licensed vendors will:

1. Deliver the authorized uniform items to the employee. A shipment chargeable to an employee's new anniversary year will not be invoiced or

shipped by vendor prior to the new anniversary date.

2. Sign, date, and enter the charge on all copies of invoice. Vendors may imprint or stamp the signature of their authorized officer or his consignee on the invoice; however, under this condition, the initials of the employee responsible for the issuance of the invoice shall be affixed thereon.

3. Submit the original and a copy of the invoice to employee with the shipment.

4. Retain a copy of invoice for their files.

5. Be reimbursed only for authorized uniform items furnished employees who have served the required 90 days.

D. The employee will deliver the vendor's original invoice to the postmaster within 10 working days after receipt of the authorized uniform items.

E. The Postmaster will:

1. Verify the vendor's original invoice includes the employee social security number, employee designation number, employee anniversary date, post office finance number and license number of the vendor.

2. Ascertain that the employee accepts the uniform items as being proper and in good condition and obtain his signature on the original invoice attesting to these facts.

3. Sign the original invoice and mail to the postal data center on Friday of the 1st and 3d week of each 4-week accounting period.

4. Make payment in cash to employees for purchase of uniform caps made before the expiration of the prescribed 90 days of service.

**III. Actions by Postal Data Center(s).**—A. *Actual date for applying payments.* For purpose of applying payment to an employee anniversary year balance, Postal Data Center(s) shall use the date of the vendor invoice as the actual date of the purchase.

B. *Master records.* 1. Postal Data Center(s) will maintain employee master tape records showing maximum uniform allowance, current or zero account balance and the anniversary date, and 2. Master record of licensed vendors.

C. *Payments.* 1. Postal Data Center(s) process vendor invoices for payment in the order in which received, i.e., first received—first processed basis.

2. Review vendor invoices to determine that information is complete (see section II, E, 1) and that the invoice has been approved by the Postmaster.

3. Batch signed vendor invoices submitted by the postmaster and keypunch applicable data into punch cards, including vendor invoice number.

4. Sort the punched cards by social security number and post office finance number within licensed vendor number, and prepare a schedule of payments.

Process payments on Wednesday of the 2d and 4th week of each 4-week accounting period.

5. Issue one check every 2 weeks to each licensed vendor for the total amount of the vendor invoices covering the cost of the uniform items, plus State sales tax when applicable, and less the service charge.

6. Prepare listing for each licensed vendor showing amount paid for purchases by each employee and the related vendor invoice number. When amount paid for an employee is less than shown on original of the vendor invoice, print explanation on listing to advise the vendor that payment includes all of the remaining balance in the employee's account. Return to vendors their invoices when no balance remains in the employee's account with an appropriate explanation. Employee is responsible for payments for uniform purchases in excess of his uniform allowance balance. Also, if employee makes purchases from nonlicensed vendor the employee may not be reimbursed by the Department and the employee is responsible for paying any just debts from his own funds.

7. Mail check with payment identification listing to each licensed vendor.

8. Prepare POD Form 1961, *Employees Uniform Allowance Statement (Revised)* and mail to applicable postmasters for distribution to employees. POD Form 1961 (Revised) provides employees with information showing previous account balance, date of last payment to vendor, amount of payment and the current or zero account balance, and a detachable stub showing employee name, social security number, employee pay location number, employee designation number, and employee anniversary date.

9. Return to vendors their invoices for uniform items furnished employees who have not served the required 90 days in a uniform category with an appropriate explanation.

**D. Postal Data Center(s) Computer Controls.** 1. Postal Data Center(s) will provide controls in processing of payments for rejection of input punched card for any unlicensed vendor. Related invoice will be returned to vendor with an appropriate explanation.

2. Controls will be established to process payment only in the amount of the employee's current account balance when the balance is less than the amount of the vendor invoice.

3. Controls will be established for the rejection of input punched cards for employees who have not served a full 90 days after appointment.

**IV. Uniform items returned.** The following requirements will be observed when uniform items are returned to the licensed vendor:

A. When an employee returns all uniform items received in a single shipment, the original and duplicate of the vendor invoice must be returned to the licensed vendor with the returned uniform items. The expense of returning the uniform items must be borne by the employee.

B. When an employee returns a part of the uniform items received in a single shipment, the postmaster must be advised of the cost of the uniform items returned. The postmaster will adjust the amount of the original and copy of the vendor invoice by the amount(s) of the uniform items returned prior to his approval of the original vendor invoice. The employee must return the adjusted vendor invoice with the rejected uniform items to the licensed vendor.

C. A licensed vendor shall not make a cash reimbursement to an employee for returned uniform items.

V. *Cost of processing payments direct to vendors.* A service charge not to exceed 4% or such other percent fixed by the Congress shall be deducted from the total amount of the approved vendor invoices to defray the administrative cost by the Post Office Department for direct reimbursement to licensed vendors. The effective rate of the service charge for the administrative costs shall be determined annually and applied to payments made on and after July 1 of each fiscal year.

#### B. Proposed license for uniform vendors.

The Post Office Department of the United States of America grants to the \_\_\_\_\_ its subsidiaries, employees, agents, and retail outlets this

License No. \_\_\_\_\_ to sell uniform items in accordance with approved specifications to Postal employees required by Post Office Department regulations to wear uniform items. This license continues until either the vendor notifies the Department in writing it does not wish to be further bound thereby or the Department revokes it.

In consideration of the Department's granting this license, the above named vendor agrees for itself, and on behalf of its subsidiaries, employees, agents, and retail outlets that:

1. Reimbursement will be claimed by licensed vendors only for sales made to postal employees, of uniform items which are specifically authorized by the Department's regulations, and which are in accordance with specifications issued by, or on behalf of, the Post Office Department.

2. Individual invoices will be submitted for each individual sale of such uniform items and will specify in detail the exact items sold, delivered, or shipped to the postal employee, and will also show the exact date of such sale, shipment, or delivery, and this license number. The Post Office Department will not make payment until it has been notified by the employees that the uniform items have been received, are as ordered, and are satisfactory. Time of payment will be specified by the Post Office Department.

3. Payment of approved invoices will be made in the order in which received if they are proper. Payment will not be made in an amount in excess of the balance remaining in the employee's account. Any excess purchases by the employee beyond his account balance will be the responsibility of the licensed vendor to effect collection from the employee. Approval of the invoice by the postmaster for purchases made by the employee is not a representation of certification that there is sufficient balance in the employee's account for the anniversary year to pay all or part of the invoice. For purpose of applying payment to an employee's anniversary year balance, the Department will use

the date of the vendor's invoice as the governing date.

4. Licensed vendors shall not make a cash reimbursement for uniform items returned by an employee.

5. The Department will not reimburse any vendor who either does not have a license or whose license has been revoked.

6. The submission of invoices is to be deemed a certification that only officially authorized uniform items manufactured in accordance with officially authorized specifications have been sold and in the quantity, description, and prices therein stated.

7. No free gifts, rebates, gratuities, or any inducements to sales have been, or will be, given to Postal employees or to their families on account of the sale of the uniform items.

8. The regulations of the Post Office Department concerning uniform items will be strictly complied with.

9. In consideration of the Department's making direct payments to licensed vendors for approved invoices, the Department shall deduct as a service charge its annually determined administrative costs of making such direct payments. However, the deduction may not exceed 4 percent or such other percent fixed by law. Payment of the approved invoices as so reduced, subject to the provisions of section 3 of this license, is full payment.

10. This license is subject to revocation if the Postmaster General finds that any of the above conditions have been violated.

### Office of the Secretary

[Order 2901]

### LOWER COLORADO RIVER LAND USE PROGRAM

#### Order Relating to Administration of Functions and Programs

NOVEMBER 3, 1967.

Section 1 *Applicability*. This order shall apply to the administration of functions and programs of the Lower Colorado River Land Use Plan, approved by the Secretary of the Interior in January 1964 ("the Plan"), with respect to the lands (exclusive of refugees administered by the Fish and Wildlife Service and project operation, protection, and security zones around dams and reclamation construction areas administered by the Bureau of Reclamation as outlined in the Plan or as further designated by the Secretary) bordering on the Lower Colorado River from Davis Dam to the international bound-

ary which have been acquired or withdrawn for reclamation purposes under reclamation law ("Reclamation lands") or otherwise fall within the area encompassed by the Plan. This order shall also apply to those plans, programs, or activities of bureaus and offices that relate to or affect the Plan, but does not apply to grazing and mineral exploration or extraction permits, leases or activities, except for purposes of recreational coordination under the Land Use Plan.

Sec. 2 *Purpose*. The purpose of this order is to assign responsibility for the implementation of the Plan including negotiation, execution and administration of leases, the administration of recreation activities prior to leasing, the special permit program on the lands and for coordination with plans, programs, or activities of bureaus and offices that relate to or affect the Plan.

Sec. 3 *Lower Colorado River Land Use Office*. (a) *General Functions*. The Lower Colorado River Land Use Office, located at Yuma, Ariz., shall perform such work in the field under the immediate supervision of the Administrator, Lower Colorado River Land Use Office ("Administrator"), as is necessary to (i) be responsible for, and direct the conduct of all recreational planning in collaboration with affected agencies with respect to lands under the Plan; (ii) administer Reclamation lands for the purpose of the issuance of special permits for temporary use, for recreational purposes prior to leasing, and for other purposes incidental thereto; (iii) conduct leasing negotiations and propose other arrangements for administration of Reclamation lands for recreational and other purposes in accordance with the Plan; (iv) after Secretarial approval of 50-year leases for recreational and other purposes on Reclamation lands in accordance with the Plan, execute and administer such leases; (v) provide overall field coordination and implementation of the Plan working in cooperation with bureaus and offices of the Department; (vi) develop plans for recreational facilities at Reclamation projects within the Plan subject to coordination of such plans with the Bureau of Reclamation so as to assure that the development of such facilities is consistent with the authorities under which that Bureau administers such project areas; (vii) develop and implement plans for recreational facilities on other Reclamation lands within the Plan in consultation with the Bureau of Reclamation or other affected agency to assure that such facilities can be constructed, operated, and maintained in a manner consistent with authorized project functions of that agency; (viii) assume responsibility for the development and issuance of recreation reports dealing with the Lower Colorado River; and (ix) issue, administer and terminate with re-

spect to Reclamation lands within the Plan and to coordinate so far as recreation is concerned, the issuance of leases by other bureaus or offices with respect to lands they administer within the Plan: *Provided*, That the use of water by the holder of any lease issued by the Lower Colorado River Land Use Office shall continue to be subject to restriction or termination in event that the United States determines that Colorado River water is limited or not available. The Administrator shall serve as the contracting or administering officer for each lease or permit for whatever time period (including a special land use permit), concession, right-of-way, license, easement, or other land use authorization (herein called lease) issued or to be issued in connection with the Plan on Reclamation lands, subject to coordination with the Bureau of Reclamation on projects and activities administered by that Bureau; and shall administer existing leases consistent with this order and upon issuance, amendment or reissuance of a lease or at any other feasible point, cause such lease to embody the provisions of this sentence. The Administrator's authority, as set forth in this order, shall include but is not limited to the authority to negotiate, execute, and administer leases on Reclamation lands within the Plan where such leases are not in conflict with authorized project purposes administered by the Bureau of Reclamation.

(b) *Administrative Services*. As determined by the Administrator, subject to such approval as the Director, Program Support Staff, may require, all administrative services including budget programming, finance, audit, personnel, procurement, and property management shall be furnished to the Lower Colorado River Land Use Office by the Office of the Secretary.

Sec. 4 *Office of the Secretary*. The Lower Colorado River Land Use Office shall be under the general supervision of the Director, Program Support Staff, in the conduct of its functions. A Special Consultant to the Secretary shall assist the Director, as necessary, in the conduct of the functions assigned to the Director by this order. The responsibility of the Director, Program Support Staff, shall include review of proposals coming from the Administrator or others for action by the Secretary or other Washington officials, in consultation with the headquarters offices of the bureaus and offices of the Department having responsibilities for plans, programs, or activities that relate to or affect the Plan; consultation with members of the Secretariat on the status and progress of the work of the office; and development of recommendations for resolution of issues of program policy and priorities.

**Sec. 5 Coordination by Bureaus and Offices.** Bureaus and offices having responsibilities for plans, programs, or activities that relate to or affect the Plan shall coordinate such plans, programs, and activities in the field with the Administrator and in Washington with the Director, Program Support Staff. The Administrator in the field and the Director, Program Support Staff in Washington shall, in turn, coordinate plans, programs, and activities incident to the Plan with the affected Bureaus and offices.

**Sec. 6 Disposal of Lands.** All disposition of the lands and interests in the lands shall be in accordance with the Plan and shall be carried out in accordance with applicable regulations. Execution of disposal actions shall be the responsibility of the bureau or office having delegated authority to make such disposals, following agreement as to the desirability of the disposal between the bureau or office concerned and the Director, Program Support Staff.

**Sec. 7 Delegation of Authority.** The Administrator and Assistant Administrator, Lower Colorado River Land Use Office, are delegated the authority of the Secretary to issue special permits for use of the lands, to execute other leases for recreational and other land use purposes and to administer existing and future leases, on Reclamation lands in accordance with the Plan and this order. Except as modified by this order, all other delegations to heads of bureaus remain unchanged.

**Sec. 8 Revocation.** Secretary's Order No. 2888 dated April 21, 1965 (30 F.R. 5910), is hereby revoked.

**Sec. 9 Transfer.** Incidental transfers shall be made pursuant to the authority of the Secretary of the Interior under Reorganization Plan No. 3 of 1950 (5 U.S.C. 1332-15, 15 F.R. 3174, 64 Stat. 1262) and specifically paragraph 5. Such transfers shall be effected as soon as possible, but not later than 30 days following the date of the signing of this order.

### EXPERT ELECTRONIC PRODUCTS, LTD., ET AL.

#### Notice of Related Party Determination

In the matter of Expert Electronic Products, Ltd., and Kathleen P. Gunter, 169 Queen's Gate, London, Southwest 7, England; and ERES, Etablissement De Recherches Scientifiques et Expertises, Vaduz, Liechtenstein, et Rue Petitot 2, Geneva, Switzerland; File No. 22(66)-4.

By order dated July 22, 1960, the Bureau of Foreign Commerce, predecessor of the Bureau of International Commerce, U.S. Department of Commerce,

entered an order against Alexander Botez and other parties denying them for the duration of export controls, all privileges of participating in any manner or capacity in exportations from the United States of commodities or technical data. A similar order was entered against Dr. Alois Vogt on September 12, 1961. These orders were published in the FEDERAL REGISTER on July 28, 1960 (25 F.R. 7163), and February 1, 1962 (27 F.R. 954), respectively.

Section 382.1(b) of the Export Regulations provides in part that, to the extent necessary to prevent evasion of any order denying export privileges, said order may be made applicable to parties other than those named in the order with whom said named parties may then or thereafter be related by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or related services. It has been determined by the Office of Export Control that within the purview of said section the firm ERES, Etablissement De Recherches Scientifiques et Expertises, Vaduz, Liechtenstein and Geneva, Switzerland, is a related party to said Alexander Botez and Dr. Alois Vogt. It has also been determined by the Office of Export Control that Expert Electronic Products, Ltd., and Kathleen P. Gunter, located at the above address, are related parties to said Alexander Botez. Under this determination the terms and restrictions of the respective denial orders are effective against said related parties.

The said related parties have been notified of these determinations and have been advised that if they contend that the rulings are not justified or if at some future time they contend that they are no longer related parties to said Dr. Alois Vogt and/or Alexander Botez they may make application to have the applicable ruling reconsidered or terminated. Due notice will be given of any termination or change in these related party determinations.

### INSTRUMENT MAINTENANCE SERVICES

#### Notice of Related Party Determination

In the matter of Patrick Hughes, doing business as Instrument Maintenance Services, 9 Glenwood Close, Maidstone, Kent, England; File No. 22(67)-6.

By order dated February 8, 1965 the Bureau of International Commerce, U.S. Department of Commerce, entered an order against Dukerswell Engineers, Ltd., 9 Glenwood Close, Maidstone, Kent, England, denying it all privileges of participating in any manner or capacity in exportations from the United States of commodities or technical data for an

indefinite period. This order was published in the FEDERAL REGISTER on March 2, 1965 (30 F.R. 2687).

Section 382.1(b) of the Export Regulations provides in part that, to the extent necessary to prevent evasion of any order denying export privileges, said order may be made applicable to parties other than those named in the order with whom said named parties may then or thereafter be related by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or related services. It has been determined by the Office of Export Control that within the purview of said section Patrick Hughes, doing business as Instrument Maintenance Services, located at the above address, is a related party to said Dukerswell Engineers, Ltd. Under this determination the terms and restrictions of the order of February 8, 1965, are effective against said related party.

The said related party has been notified of this determination and has been advised that if he contends that the ruling is not justified he may make application to have the ruling reconsidered or terminated. Due notice will be given of any termination or change in this related party determination.

### SAVOY INTERNATIONAL LTD.

#### Notice of Related Party Determination

In the matter of Savoy International, Ltd., Via Alessandro Fleming 110, Rome, Italy; File No. 23(66)-38.

By order dated August 18, 1967, the Bureau of International Commerce, U.S. Department of Commerce, entered an order against Chris F. Ring, also known as Chris Ring, Christopher Ring, and Christian Ring, of Rome, Italy, denying him all privileges of participating in any manner or capacity in exportations from the United States of commodities or technical data until further notice. This order was published in the FEDERAL REGISTER on August 25, 1967 (32 F.R. 12408).

Section 382.1(b) of the Export Regulations provides in part that, to the extent necessary to prevent evasion of any order denying export privileges, said order may be made applicable to parties other than those named in the order with whom said named parties may then or thereafter be related by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or related services. It has been determined by the Office of Export Control that within the purview of said section the firm, Savoy International, Ltd., located at the above address is a related party to said Chris F. Ring. Under

this determination the terms and restriction of the order of August 18, 1967, are effective against said related party.

The said related party has been notified of this determination and has been advised that if it contends that the ruling is not justified, it may make application to have the ruling reconsidered or terminated. Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 8F0658) has been filed by the Elanco Products Co., a division of Eli Lilly and Co., Indianapolis, Ind. 46206, on behalf of themselves and Amdal Co., North Chicago, Ill. 60064, Merck & Co., Rahway, N.J. 07065, and Charles Pfizer & Co., Inc., New York, N.Y. 10040, proposing the establishment of tolerances for residues of the plant regulator gibberellic acid in or on the raw agricultural commodities artichokes, citrus fruits, leafy vegetables, hops, and stone fruits at 0.15 part per million.

The analytical methods proposed for determining residues of gibberellic acid consist of solvent extraction followed by thin layer chromatography which separates gibberellin A3 from other extractable interfering impurities. The gibberellin A3 is then reacted with concentrated sulfuric acid to develop fluorescence. By comparison with a known standard, the amount of gibberellic acid present in the crop is determined.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(1), 68 Stat. 512; 21 U.S.C. 346a(d)(1)), notice is given that a petition (PP 8F0656) has been filed by the Gulf Oil Corp., Chemical Department, Dwight Building, Kansas City, Mo. 64105, proposing the establishment of a tolerance of 0.1 part per million for residues of the herbicide benzamidoxyacetic acid in or on the raw agricultural commodity sugar beets.

The analytical method proposed for determining residues of the herbicide consists of extraction with isopropyl alcohol, separation on ion-exchange resin, elution of the residue from the resin with a solution of acetic acid and methanol, and removal of a natural contaminant by thin layer chromatography. The herbicide is then hydrolyzed to benzoic acid. The benzoic acid is esterified with diazomethane producing methyl benzoate which is determined by gas-liquid chromatography. The amount of residue is calculated from the amount of methyl benzoate present.

### NORTHWEST AIRLINES, INC.

#### Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the seventh day of November 1967.

By tariff revisions<sup>1</sup> filed October 20, 1967, and marked to become effective November 19, 1967, Northwest Airlines, Inc. (Northwest), jointly with other participating carriers proposes to increase the first-class and coach fares between Homer, Kenai, King Salmon, and Kodiak, on the one hand, and Portland and Seattle, on the other, by amounts ranging from \$1 to \$27.20.

Upon consideration of all matters of record, the Board finds that the proposed fares set forth in Appendix A hereto<sup>2</sup> may be unjust and unreasonable, unjustly discriminatory, unduly preferen-

<sup>1</sup> Revisions to Northwest Airlines, Inc., Tariff CAB No. 341.

<sup>2</sup> Filed as part of the original document.

tial, unduly prejudicial, or otherwise unlawful, and has determined to investigate these proposed fares and to suspend their effectiveness pending such investigation.

Northwest has filed 27 increases, 13 joint jet first-class and 14 joint jet coach fares, in eight markets involving Portland/Seattle and four Alaskan points. No justification has been submitted by the carrier, except that the filing is made to reflect construction by use of normal fares rather than on the basis of night coach fares. Such basis is not a justification for initiating fare increases unless revenue needs have been demonstrated.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 403, 404, and 1002 thereof,

It is ordered, That:

1. An investigation be instituted to determine whether the fares and provisions described in Appendix A attached hereto, and rules, regulations, and practices affecting such fares and provisions, are or will be unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to determine and prescribe the lawful fares and provisions, and rules, regulations, or practices affecting such fares and provisions;

2. ## WESTERN AIR LINES, INC.

### Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 7th day of November 1967.

By tariff revisions<sup>1</sup> filed October 9, 1967, and marked to become effective November 8, 1967, Western Air Lines, Inc. (Western), jointly with Western Alaska Airlines, Inc., and Northern Consolidated Airlines, Inc., proposes to increase the jet coach fares between Dillingham and Seattle/Tacoma from \$125 one-way and \$250 round-trip, to \$137.20 one-way and \$274.40 round-trip.

The carrier offers no reason for the proposed fare increases other than to state that it desires to restore the fares which were in effect in this market prior to May 4, 1967. The carrier alleges, however, that the expiration date of September 30, 1967, originally placed on these fares, was inadvertently omitted from the revisions of the applicable tariff page which became effective on September 30, and another revision which has since become effective.

Upon consideration of all matters of record, the Board finds that the proposed fares may be unjust and unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and has determined to investigate these proposed fares and to suspend their effectiveness pending such investigation.

No factual justification for its proposal has been submitted by Western, except that the filing was made to increase its fare level in the market. The present fares between Dillingham and Seattle/Tacoma were based on the availability of a one-way night coach fare of \$75 between Seattle-Anchorage offered by the carriers operating in that market.<sup>2</sup> The availability of the \$75 night coach fare has been extended to September 30, 1968,<sup>3</sup> but no evidence has been supplied to justify the proposed increased fares, or the necessity to discontinue the present fares.

The Board finds that its action herein is necessary and appropriate in order to carry out the provisions and objectives of the Federal Aviation Act of 1958, as amended, and particularly sections 204 (a), 403, 404, and 1002 thereof.

Accordingly, it is ordered, That:

1. An investigation be instituted to determine whether the jet coach fares

## FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 17357-17359; FCC 67-1197]

### AKRON TELERAMA, INC., ET AL.

#### Memorandum Opinion and Order Enlarging Issues

In re petitions by Akron Telerama, Inc., Akron, Ohio, Docket No. 17357, File No. CATV 100-16; Lorain Cable TV, Inc., Lorain, Ohio, Docket No. 17358, File No. CATV 100-128; Telerama, Inc., Cleveland Heights, Richmond Heights, South Euclid, Beachwood, Oakwood, East Cleveland, Garfield Heights, Euclid, Highland Heights, University Heights, Bedford Heights, Maple Heights, Lyndhurst, Bedford, and North Randall; also Shaker Heights, Warrensville Heights, and Warrensville Township, Ohio, Docket No. 17359, File No. CATV 100-146; for authority pursuant to § 74.1107 of the rules to operate CATV systems in the Cleveland television markets.

1. We have before us for consideration the application of Telerama, Inc., for review of the Review Board's Memorandum Opinion and Order, 67R-362, released August 29, 1967, which denied a motion by Telerama, Inc., to enlarge the issues

designated for hearing.<sup>1</sup> The background of this proceeding is set forth in the Commission's orders designating Telerama's waiver requests for hearing<sup>2</sup> and disposing of the petitions for reconsideration thereof.<sup>3</sup>

2. The Review Board decision here under consideration denied Telerama's petition for enlargement of issues to include the following issue:

To determine the nature and extent of the efforts and expenditures made by Telerama to provide CATV service to the eastern suburbs of Cleveland, the dates when such efforts occurred, the extent to which additional areas and populations need to be authorized to receive service in order to permit maintenance of a viable operation in the public interest, and the extent to which the public interest would be harmed by the deletion of the present service now being rendered by Telerama.

3. In support of its petition for enlargement, Telerama asserts that it made expenditures and incurred contractual obligations prior to February 16, 1966, with the expectation that CATV services would be extended to suburban communities in the Cleveland, Ohio, television market in addition to its three grandfathered CATV systems;<sup>4</sup> that it will sustain severe economic harm unless it is permitted to so extend its services; and that the likelihood of such economic harm creates equities in its favor which must be considered in connection with its waiver applications. Telerama further contends that denial of its waiver applications may so jeopardize its financial condition as to require the deletion of its existing services on the grandfathered CATV systems, and that the deletion of such services would be inconsistent with the public interest. The Review Board denied the petition on the grounds that it was not timely filed and that the contentions therein were not substantiated by specific factual allegations as required by § 1.229(c) of the rules.

4. We are granting review because we believe that under the particular circumstances of this case an enlargement of issues is appropriate. In connection with litigation pending before the U.S. Court of Appeals for the Sixth Circuit<sup>5</sup> con-

<sup>1</sup> The following pleadings are now before the Commission: (1) Telerama, Inc.'s application for review filed Sept. 6, 1967; (b) Storer Broadcasting Co.'s response, filed Sept. 18, 1967; (c) United Artists Broadcasting, Inc.'s response, filed Sept. 18, 1967; (d) Summit Radio Corp.'s comments, filed Sept. 18, 1967; (e) Broadcast Bureau's petition to accept late filing, filed Sept. 20, 1967; (f) Broadcast Bureau's comments filed Sept. 20, 1967; and (g) Telerama, Inc.'s reply filed Sept. 25, 1967.

<sup>2</sup> FCC 67-422, 7 FCC 2d 809, released Apr. 11, 1967.

<sup>3</sup> FCC 67-990, released Sept. 7, 1967.

<sup>4</sup> Telerama has operated CATV systems in Shaker Heights, Warrensville Heights, and Warrensville Township, Ohio, since prior to Feb. 16, 1966, and these systems are therefore entitled to the benefits of the "grandfather" provisions of sec. 74.1107(d) of the Commission's rules.

<sup>5</sup> Telerama, Inc. v. United States of America, et al., Case No. 17311.

cerning Telerama's CATV operations, the court was advised in a letter dated October 24, 1966, that in acting on an application by Telerama for a waiver, the Commission "will consider the \* \* \* petitioner's due process and equitable claims."

5. In view of the foregoing and the status of this case on judicial review, we believe it would now be inappropriate to hold that Telerama's factual allegations are deficient. We shall therefore enlarge the issues to permit Telerama to develop its claimed equities at the hearing.

6. Our order herein should not be construed as a holding that expenditures by the CATV operator on or before February 15, 1966, provide a sufficient factual basis for a grant of the waivers requested. Telerama must establish that in making expenditures or incurring obligations, it acted in good faith. Moreover, the public interest is the paramount consideration in determining whether waivers are warranted and any equities established in favor of Telerama must be weighed in the light of all the evidence developed at the hearing in arriving at a determination of what will best serve the public interest.

7. Accordingly, it is ordered, That the final public interest issue is renumbered Issue 8, and the issues designated for hearing are enlarged to include the following issues:

5. To determine the nature and extent of Telerama's efforts to provide CATV service in the Cleveland market; the expenditures incurred and contractual obligations assumed by Telerama; and the dates when such efforts and expenditures occurred and the contractual obligations were assumed.

6. To determine whether Telerama's efforts and expenditures were made and its obligations were assumed in good faith reliance on being able to institute all of its proposals in the Cleveland market.

7. To determine, in light of the evidence adduced under Issues 5 and 6, if denial of Telerama's proposals would result in such severe economic harm as to force deletion of existing CATV service, and if so, the effect of such deletion on the public interest.

8. It is further ordered, That the application for review filed on September 6, 1967, by Telerama, Inc., is granted to the extent set forth herein and in all other respects is denied; and that the Broadcast Bureau's motion for leave to file a late pleading, filed September 20, 1967, is granted.

Adopted: November 3, 1967.

Released: November 7, 1967.

## Order Designating Matter of Suspension for Hearing on Stated Issues

In the matter of Stephen A. Wichrowski, Jr., 370 Converse Street, Longmeadow, Mass. 01106, Docket No. 17831; suspension of radiotelephone first-class operator license.

The Commission, by the Chief of its Field Engineering Bureau, has under consideration the suspension of the Radiotelephone First-Class Operator License, P1-7-4936, issued to Stephen A. Wichrowski, Jr.

In accordance with the provisions of section 303(m)(2) of the Communications Act of 1934, as amended, Wichrowski filed with the Commission a timely request for hearing on the Commission's order released September 28, 1967, suspending for 3 months his Radiotelephone First-Class Operator License (captioned Stephen A. Wichrowski in the order of suspension released Sept. 28, 1967).

Under the provisions of section 303(m)(2) of the Communications Act of 1934, as amended, Stephen A. Wichrowski, Jr., is entitled to a hearing in this matter and by filing a timely request for a hearing, the Commission's order of suspension is held in abeyance until the conclusion of the proceedings in this matter.

It is ordered, Under authority contained in section 303(m)(2) of the Communications Act of 1934, as amended, and § 0.311(a)(5) of the Commission's rules, that the matter of the suspension of the Radiotelephone First-Class Operator License of Stephen A. Wichrowski, Jr., is hereby designated for hearing at a time and place before a hearing examiner to be specified by further order of the Commission, upon the following issues.

1. To determine whether Stephen A. Wichrowski, Jr., on or about April 16, 1967, while employed at radio station WEHW, Windsor, Conn., willfully and/or maliciously interfered with radio communications in violation of § 13.69 of the Commission's rules.

2. To determine in the light of evidence adduced in the preceding issue whether the terms of the original order of suspension should be made final, rescinded, or modified.

It is further ordered, That the Secretary shall send a copy of this order by Certified Mail-Return Receipt Requested to Stephen A. Wichrowski, Jr., at the address given above.

Adopted: October 26, 1967.

Released: November 1, 1967.

Notice is hereby given that the following petition has been filed with the Commission for approval pursuant to section 14b of the Shipping Act, 1916, as amended (75 Stat. 762, 46 U.S.C. 814).

Interested parties may inspect a copy of the proposed contract form and of the petition at the Washington office of the Federal Maritime Commission, 1321 H Street NW., Room 609; or at the offices of the District Managers, New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments with reference to the proposed contract form and the petition including a request for hearing, if desired, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 15 days after publication of this notice in the FEDERAL REGISTER. A copy of any such statement should also be forwarded to the party filing the proposed contract form and of the petition (as indicated hereinafter), and the comments should indicate that this has been done.

Notice of application to institute a dual rate system filed by:

Mr. John K. Cunningham, Chairman, American West African Freight Conference, 67 Broad Street, Suite 2400, New York, N.Y. 10004.

Notice is hereby given that the member lines of the American West African Freight Conference have filed with the Commission pursuant to section 14b of the Shipping Act, 1916, an application for permission to institute a dual rate system for the carriage of coffee, cocoa and bulk vegetable oils in less than full shipload lots in the trade from West African ports (South of the southerly border of Rio de Oro, Spanish Sahara and north of the northerly border of Southwest Africa) including the Atlantic Islands of the Azores, Madeira, Canary, and Cape Verde, also the islands of Fernando Po, Principe and Sao Tome in the Gulf of Guinea to U.S. Atlantic and Gulf ports and Canadian Atlantic and St. Lawrence River ports not west of Montreal. The application provides that non-contract rates will be 15 percent lower than the ordinary rates as set forth in the conference tariffs under terms and conditions as further described in the contract.

Dated: November 9, 1967.

United was permitted to abandon the facilities to be acquired by Lone Star and Gathering was permitted to abandon the facilities to be acquired by United.

On October 14, 1966, the Commission issued an order granting the application for rehearing of Opinion No. 505 and accompanying order which had been filed by the Public Service Commission of the State of New York (New York Commission). The order granting rehearing specified the types of evidence which the applicants should present in order to answer the questions raised by the New York Commission's application for rehearing. Instead of presenting evidence in support of the project which they had originally sponsored, the applicants filed on January 20, 1967, as supplemented on March 20, 1967, a joint motion asking for reconsideration and modification of the order granting rehearing. In their motion applicants sought to be relieved of complying with the provisions of the order granting rehearing on the ground that the gas reserves committed to Gathering's original pipeline project in Docket No. CP62-179 had drastically fallen short of the productive capabilities expected when the project was initiated. The reserve statement accompanying the motion alleged that production history in the Kawitt-Speary, Cuero, and Smith Creek Fields (Exhibit B, p. 2):

\*\*\* was greatly disappointing. In the above three fields, the reservoir pressures dropped at excessively fast rates compared to the rate of gas withdrawal while in other cases edge water encroached towards the relatively low pressure areas created in the reservoir, around the wells, causing a flooding of the well and its premature abandonment.

The applicants concluded that the decline in deliverability of the wells connected to Gathering's pipeline would prevent their being able to prove the economic feasibility of Gathering's project which would, in turn, make it futile for them to present the other data required by the Commission's order granting rehearing. In light of these considerations, the applicants mutually agreed to terminate their contracts to acquire certain pipeline facilities from each other and to make the sales of gas related to such transfers of property. In short, the applicants seek to have all the certificates issued by the order accompanying Opinion No. 505 vacated except for the certificates which authorized Gathering to construct its South Texas pipeline and United to construct a purchase meter station to receive gas from Gathering. Gathering requests permission and approval to abandon the pipeline facilities it was authorized to construct in South Texas. Gathering states that it plans to utilize these facilities in place, after some rearrangement and construction, to deliver whatever gas is available to intrastate markets. United seeks permission and approval to abandon the purchase meter station authorized in Docket No. CP62-193 for the purpose of receiving gas from Gathering.

On June 9, 1967, Gathering filed an application in Docket No. CP67-371 seeking permission and approval to abandon service from eight of the 32 producers

who supply gas to its South Texas pipeline. Gathering alleged that it was forced to take this action because eight of the producers had failed to execute intrastate sales contracts with Gathering and file applications with the Commission for abandonment of interstate sales to Gathering. Subsequent to the filing of Gathering's application in Docket No. CP67-371, all but two of the producers who had been selling gas to Gathering either filed formal applications to abandon or submitted letters stating that deliveries of gas to Gathering had been terminated because of the inability of their wells to continue production of natural gas. The producers' abandonment applications serve as support for the granting of Gathering's application in Docket No. CP67-371, regarding which a notice of application was issued on June 19, 1967, and published in the FEDERAL REGISTER on June 24, 1967, 32 F.R. 9048. On July 12, 1967, the New York Commission filed a notice of intervention in Docket No. CP67-371.

The New York Commission's application for rehearing was granted primarily because Gathering's 1965 Form No. 2 revealed facts showing that the granting of the applications in this proceeding might not be in the public interest as the joint applicants had represented at the hearing and in their briefs. One of the most serious questions raised by the New York Commission was its inquiry as to why Gathering's annual deliveries to United had declined from 15,236,119 Mcf in 1964 to 12,515,029 Mcf in 1965. The New York Commission correctly noted that Gathering's fixed and operating costs would not decline in proportion to the reduction in delivery volumes. The decline in annual deliveries would necessarily have had the effect of increasing United's unit cost of transporting the gathered gas to its main transmission system if United had been authorized to acquire Gathering's facilities. Gathering gas filed its Form No. 2 for 1966 since the issuance of the Commission's order granting rehearing. The 1966 Form No. 2 shows that deliveries to United have continued to decline. The New York Commission's application for rehearing noted that United's fixed costs for operating the facilities to be acquired from Gathering would be approximately \$572,000 annually and that about \$140,000 of operating and maintenance expenses should be added to these fixed costs, thereby increasing to \$712,000 the annual cost of service on the facilities which United sought authorization to acquire from Gathering. The following tabulation shows the continual decline in Gathering's annual deliveries along with a calculation showing how United's unit cost of service would continue to increase as delivery volumes are reduced:

Year	Annual volumes delivered (Mcf)	Unit cost of service (cents per Mcf)
1964	15,236,119	4.67
1965	12,515,029	5.69
1966	12,135,457	5.87

Gathering's Forms No. 2 for 1964, 1965, and 1966 reflect an average cost of purchased gas of 17.40 cents, 16.89 cents, and 16.19 cents per Mcf, respectively. If these average costs of purchased gas are added to the unit costs given above, the average unit cost to United for delivering gas into its main transmission line would be 22.07 cents, 22.58 cents, and 22.06 cents per Mcf for the years 1964, 1965, and 1966. Thus, if United were to have been permitted to acquire Gathering's facilities, the consumer, as the New York Commission contended in its application for rehearing, would have had to pay from one half to 1 cent more per Mcf for gas than the 21.5 cents per Mcf United is now paying Gathering.

United's witness claimed that United's cost of operating the facilities United proposed to acquire from Gathering would be approximately the same as Gathering's cost. Although the New York Commission contended that Gathering's 21.5-cent charge to United was "already grossly excessive," there is at least some doubt that United would be able to continue purchasing gas from Gathering at the existing 21.5-cent rate, if the abandonment application were to be denied, in view of the claim in the abandonment application that Gathering might have to seek a rate increase if the gas reserves committed to its system continue to decline.

The other principal objection of the New York Commission to the granting of Gathering's application was that United did not show a need for Gathering's gas particularly at a price of 21.5 cents per Mcf. The New York Commission's argument on this point was supported by the fact that United's 1965 Form No. 2 indicated that United's sales for 1965 were lower than they had been since 1956, except for the years 1961 and 1962. United's 1966 Form No. 2, which has become available since the filing of the New York Commission's application for rehearing, shows that United's sales for 1966 were 1,333 billion cubic feet, or the highest they have ever been except for the years 1963 and 1964. United's sales have averaged 1,321 billion cubic feet per year since 1959, and despite the decline in average sales volumes for the years 1961, 1962, and 1965, United's sales have shown a growth rate of about 1 percent over the 8-year period from 1959 to 1966. There can be little doubt that a company with average sales of 1,321 billion cubic feet each year needs to maintain an active gas procurement program, but United has now decided that it does not need Gathering's gas at the high unit cost it would be forced to pay if it were to acquire Gathering's facilities and operate them for the purpose of transporting constantly diminishing volumes of gas to its main line. Instead, United's flow diagram in the motion to abandon service shows that United would prefer to obtain volumes of gas comparable to those now being delivered to it by Gathering from suppliers in the Mustang Island area.

In short, the facts which first became available to the Commission when Gathering filed its 1965 Form No. 2 show that

Gathering's project is economically infeasible when evaluated on the basis of the reduced gas supplies available to its system at the present time. If the applicants had not elected to seek abandonment of their interrelated projects, there is little doubt but that the evidence requested in the Commission's order granting rehearing would have shown that their proposals are not required by the public convenience and necessity. There is no essential difference between granting the applicants' requests to abandon service and denying their applications as originally filed. Since the primary reason for the applicants' inability to present evidence on rehearing to demonstrate that their proposals are in the public interest sprang from the unexpected failure of the gas reserves committed to Gathering's project, the granting of the request to abandon service appears to be the appropriate means to terminate this proceeding.

The applicants have agreed to flow through to their customers any refunds in rates which may ultimately result upon completion of the remanded proceeding in Public Service Commission of N.Y. v. F.P.C., 373 F. 2d 316 (CADC). The Commission's order accompanying Opinion No. 505 provided that these refunds should be made; this order will continue such refund obligations and provide that issuance of this order will be without prejudice to the positions which the New York Commission or other parties may wish to take with respect to the related remanded court proceeding cited above.

#### The Commission finds:

(1) Applicant United Gas Pipe Line Co., a Delaware corporation, having its principal place of business in Shreveport, La., is a "natural-gas company" within the meaning of the Natural Gas Act as heretofore found by the Commission in its order of November 10, 1942, in Docket No. G-232, 3 FPC 863.

(2) Applicants Lone Star Gas Co. and Lone Star Gathering Co., Texas corporations, having their principal place of business in Dallas, Tex., are "natural-gas companies" within the meaning of the Natural Gas Act as heretofore found by the Commission in its orders of April 11, 1944, and August 22, 1966, in Docket No. G-442, 4 FPC 565, and Docket Nos. CP65-118, et al., 36 FPC \_\_\_\_\_, respectively.

(3) The facilities to be abandoned, as heretofore described in Opinion No. 505 and the applications in this proceeding, are used in the transportation of natural gas in interstate commerce subject to the jurisdiction of the Commission, and abandonment of such facilities is subject to the requirements of subsection (b) of section 7 of the Natural Gas Act.

(4) The abandonment by Gathering and United of the facilities hereinbefore described is permitted by reason of the depletion of the supply of natural gas available to Gathering to the extent that continuance of service is unwarranted and an order approving the abandonment should be issued as hereinafter ordered and conditioned.

(5) It is appropriate in the administration of the Natural Gas Act that the

certificates issued to United and Lone Star by the order accompanying Opinion No. 505 be vacated to the extent that such certificates authorized United and Lone Star to acquire and operate facilities and make sales of natural gas to each other.

(6) The order accompanying Opinion No. 505 should be rescinded insofar as it permitted and approved the abandonment by United of its facilities extending to Dallas and Fort Worth, Tex., as therein described.

#### The Commission orders:

(A) Permission for and approval of the abandonment by Gathering of the South Texas facilities hereinbefore described, as more fully described in its application in Docket No. CP62-179, are granted subject to the agreement contained in Gathering's letter filed September 19, 1963, in Docket No. CP62-179, providing that Gathering will pass on to United any reduction in its weighted average cost of purchased gas which may result from the Commission's order accompanying Opinion No. 476 issued in Sinclair Oil & Gas Co., 34 FPC 930, and the subsequent remand of such order in Public Service Commission of N.Y. v. F.P.C., 373 F. 2d 816 (CADC).

(B) Permission for and approval of the abandonment by United of the purchase meter station hereinbefore described, as more fully described in its application in Docket No. CP62-193, are granted subject to United's obligation to flow through to its customers any refunds which it may receive from Gathering as provided for in the Commission's order approving United's rate settlement issued in United Gas Pipe Line Co., 32 FPC 1515.

(C) The certificate issued to United by paragraph (B) of the order accompanying Opinion No. 505 is vacated to the extent that it authorized United to construct facilities to make sales to Lone Star or acquire and operate the facilities which Gathering is permitted to abandon by paragraph (A) above.

(D) The certificate issued to Lone Star by paragraph (C) of the order accompanying Opinion No. 505 is vacated.

(E) Paragraph (G) of the order accompanying Opinion No. 505, authorizing United to abandon the facilities extending to Dallas and Fort Worth as therein described and as more fully described in the application in Docket No. CP65-118, is rescinded.

(F) The date of the abandonment of facilities authorized in paragraphs (A) and (B) above shall be within 90 days from the date of this order and Gathering and United shall advise the Commission within 10 days of such abandonment.

(G) After Gathering has abandoned the facilities for which authorization is granted herein, Gathering shall file with the Commission a notice of cancellation of its service agreement with United and of its FPC gas Tariff Original Volume No. 1.

(H) The action taken herein is without prejudice to the positions of the parties to the remanded proceeding in the Sinclair case, supra.

(I) The application filed by Gathering in Docket No. CP67-371 is consoli-

dated with the interrelated applications in Docket Nos. CP65-118 et al. for disposition as hereinbefore provided.

By the Commission.

## MANUFACTURERS LIGHT & HEAT CO. ET AL.

### Notice of Proposed Changes in Tariff Provisions

NOVEMBER 6, 1967.

The Manufacturers Light & Heat Co., RP68-5; United Fuel Gas Co., RP68-6; Atlantic Seaboard Corp., RP68-7; Kentucky Gas Transmission Corp., RP68-8; The Ohio Fuel Gas Co., RP68-9; Home Gas Co., RP68-10.

Take notice that each of the following companies of the Columbia Gas System on the dates indicated tendered for filing proposed changes in the general terms and conditions in volume No. 1 of their respective FPC gas tariffs: The Manufacturers Light & Heat Co. (Oct. 25, 1967), United Fuel Gas Co. (Oct. 25, 1967), Atlantic Seaboard Corp. (Oct. 25, 1967), Kentucky Gas Transmission Corp. (Oct. 26, 1967), The Ohio Fuel Gas Co. (Oct. 30, 1967), and Home Gas Co. (Nov. 3, 1967).

The changes proposed by each Respondent, which are substantially similar in language and effect, would delete tariff provisions whereunder a Buyer could elect to decrease its effective contract demand and maximum daily quantity by not more than 5 percent per year and 10 percent overall.

Copies of the proposed changes were served upon each jurisdictional customer and interested State commission.

Comments on the aforementioned filings and changes may be filed with the Commission on or before November 20, 1967.

## TEXAS GAS TRANSMISSION CORP.

### Notice of Petition To Amend

NOVEMBER 3, 1967.

Take notice that on October 24, 1967, Texas Gas Transmission Corp. (Petitioner), Post Office Box 1160, Owensboro, Ky. 42301, filed in Docket No. CP67-341 a petition to amend the order issued in said docket on July 25, 1967, by requesting authorization to increase the Contract Demand to be delivered to one of its resale customers, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By the order issued July 25, 1967, Petitioner was authorized to increase the

Contract Demand of its existing customer, Western Kentucky Gas Co., to 68,300 Mcf for the 1967-68 winter heating season in Petitioner's Zone 3. By letter dated October 12, 1967, Western Kentucky advised Petitioner that it desires to increase its Contract Demand by 3,000 Mcf, effective November 1, 1967. Accordingly, Petitioner requests that it be authorized to increase the Contract Demand of Western Kentucky to 71,300 Mcf, beginning with the 1967-68 winter heating season.

Petitioner states that no new facilities are needed to effectuate the proposed increase in deliveries.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before November 29, 1967.

### MIDDLE SOUTH UTILITIES, INC., AND LOUISIANA POWER & LIGHT CO.

#### Notice of Proposed Issue and Sale

NOVEMBER 6, 1967.

Notice of proposed issue and sale of notes by holding company to banks, increase in authorized shares of common stock of subsidiary company; intrasystem issue and sale of common stock; and transfer of earned surplus to common capital stock account.

Notice is hereby given that Middle South Utilities, Inc. ("Middle South") 280 Park Avenue, New York, N.Y. 10017,

a registered holding company, and Louisiana Power & Light Co. ("Louisiana"), 142 Delaronde Street, New Orleans, La. 70114, also a registered holding company and a public-utility subsidiary company of Middle South, have filed with this Commission a joint application-declaration, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 7, 9(a), 10, and 12(f) of the Act and Rules 23 and 43 as applicable to the proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

Middle South has entered into agreements with The Chase Manhattan Bank and Manufacturers Hanover Trust Co., both of New York City, under which it proposes to borrow \$15,500,000 from each bank or an aggregate of \$31 million. Such borrowings will be evidenced by unsecured promissory notes bearing interest at the prime rate prevailing at each bank from time to time, presently 5½ percent per annum at both banks. The notes will mature 2 years from the date of the initial pro rata borrowings, scheduled to be made on or about December 29, 1967, and may be prepaid at any time, in whole or in part, without premium. Middle South intends, subject to authorization by the Commission, to sell additional common stock within the next 2 years and to use the funds derived therefrom to pay such notes at or before maturity.

Louisiana proposes to amend its certificate of incorporation by increasing the 15 million authorized shares of its no par value common stock to 20 million shares. Thereupon, Louisiana proposes to issue and sell, and Middle South proposes to acquire, 2,500,000 additional shares of Louisiana's common stock for a cash consideration of \$15 million. Concurrently with such sale, Louisiana proposes to transfer \$2,172,921 from its earned surplus account to its common capital stock account. Upon completion of these transactions Louisiana will have 15,368,000 shares of common stock outstanding with a stated value of \$6 per share. As of August 31, 1967, the earned surplus of Louisiana on a pro forma basis giving effect to the proposed transfer amounted to \$21,185,452. During the 12 months ended on that date dividends paid on Louisiana's preferred stock, all publicly held, amounted to \$1,591,400, and dividends paid on its common stock amounted to \$8,171,180.

Middle South will use the proceeds derived from the sale of the proposed notes for the following purposes—\$15 million for the common stock purchase described above; \$8 million for a similar purchase from another subsidiary company, which will be the subject of a future filing, and \$8 million to pay short-term notes held by banks and maturing on April 25, 1968. Louisiana will use the proceeds derived from the sale of its common stock to pay short-term notes issued, pursuant to the exemptive provisions of the first sentence of section 6(b) of the Act, for the purpose

of providing funds for its 1967 construction program, estimated at \$69,900,000. Any of such proceeds remaining will be used by Louisiana to reimburse its treasury for monies expended for construction purposes.

The application-declaration states that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions. It is also stated that no special and separate expenses are anticipated in connection with the proposed transactions except for taxes and minor incidental expenses to be paid by Louisiana in connection with the amendment of its certificate of incorporation.

Notice is further given that any interested person may, not later than December 6, 1967, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

Each certificate has been issued upon the representations of the employer which, among other things, were that employment of full-time students at special minimum rates is necessary to prevent curtailment of opportunities for employment, and the hiring of full-time students at special minimum rates will not create a substantial probability of reducing the full-time employment opportunities of persons other than those employed under a certificate. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within 30 days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 519.9.

Signed at Washington, D.C., this 2d day of November 1967

ROBERT G. GRONEWALD,  
Authorized Representative  
of the Administrator.

## INTERSTATE COMMERCE COMMISSION

[Notice 490]

### MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

NOVEMBER 7, 1967.

The following are notices of filing of applications for temporary authority un-

der section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC 67 (49 CFR Part 340), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.

YOUR  
GOVERNMENT

***U.S. Government  
Organization Manual  
1967-1968***

Presents essential information about Government agencies (updated and republished annually).

Describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches.

This handbook is an indispensable reference tool for teachers, librarians, scholars, lawyers, and businessmen who need current official information about the U.S. Government.

*The United States Government Organization Manual is the official guide to the functions of the Federal Government*
