#### 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of regulations within 33 CFR Part 165, applicable to safety zones on the navigable waterways. This safety zone will temporarily restrict vessel traffic from anchoring in Pea Patch Island Anchorage No. 5 and Reedy Point South Anchorage No. 3. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R03-OAR-2014-0476; FRL-9917-16-Region 3]

#### Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; Allegheny County's Adoption of Control Techniques Guidelines for Offset Lithographic Printing and Letterpress Printing; Flexible Package Printing; and Industrial Solvent Cleaning Operations for Control of Volatile Organic Compound Emissions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the Commonwealth of Pennsylvania. This SIP revision includes amendments to the Allegheny County Health Department (ACHD) Rules and Regulations, Article XXI, Air Pollution Control, and meets the requirement to adopt Reasonably Available Control Technology (RACT) for sources covered by EPA's Control Techniques Guidelines (CTG) standards for the following categories: Offset lithographic printing and letterpress printing, flexible package printing, and industrial solvent cleaning operations. EPA is approving the revision to the Pennsylvania SIP in accordance with the requirements of the Clean Air Act (CAA).

**DATES:** This final rule is effective on November 5, 2014.

**ADDRESSES:** EPA has established a docket for this action under Docket ID Number EPA-R03-OAR-2014-0476. **SUPPLEMENTARY INFORMATION:**

**I. Background**

Section 172(c)(1) of the CAA provides that SIPs for nonattainment areas must include reasonably available control measures (RACM), including RACT, for sources of emissions. Section 182(b)(2)(A) provides that for certain nonattainment areas, states must revise their SIP to include RACT for sources of volatile organic compound (VOC) emissions covered by a CTG document issued after November 15, 1990 and prior to the area's date of attainment. In 2006, EPA developed new CTGs for offset lithographic printing and letterpress printing, flexible package printing, and industrial solvent cleaning operations. A formal SIP submission was submitted by Pennsylvania to EPA on November 15, 2013 and on August 1, 2014 (79 FR 44728), EPA published a notice of proposed rulemaking (NPR) proposing approval of Pennsylvania's SIP revision for adoption of the CTG standards for offset lithographic printing and letterpress printing, flexible package printing, and industrial solvent cleaning operations in Allegheny County.

**II. Summary of SIP Revision**

On November 15, 2013, Pennsylvania Department of Environmental Protection (PADEP) submitted to EPA a SIP revision concerning the adoption of the EPA CTGs for offset lithographic printing and letterpress printing, flexible package printing, and industrial cleaning solvent operations in Allegheny County. These regulations are contained in the ACHD Rules and Regulations, Article XXI, Air Pollution Control sections 2105.80, 2105.81, and

2105.82 in order to: (1) Establish applicability for offset lithographic printing and letterpress printing, flexible package printing, and industrial cleaning solvent operations at facilities; (2) establish exemptions; (3) establish record-keeping and work practice requirements; and (4) establish emission limitations. Other specific requirements and the rationale for EPA's proposed action are explained in the NPR and will not be restated here. No public comments were received on the NPR.

**III. Final Action**

EPA is approving the Commonwealth of Pennsylvania SIP revision submitted on November 15, 2013, which consists of amendments to the ACHD Rules and Regulations, Article XXI, Air Pollution Control, and meets the requirement to adopt RACT for sources located in Allegheny County covered by EPA's CTG standards for the following categories: Offset lithographic printing and letterpress printing, flexible package printing, and industrial solvent cleaning operations.

**IV. Statutory and Executive Order Reviews**

*A. General Requirements*

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

*B. Submission to Congress and the Comptroller General*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

*C. Petitions for Judicial Review*

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 5, 2014. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action pertaining to ACHD's adoption of CTG standards for offset lithographic printing

and letterpress printing, flexible package printing, and industrial solvent cleaning operations may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)
