BILLING CODE 1410-72-P

POSTAL REGULATORY COMMISSION

39 CFR Part 3020

[Docket No. RM2019-3; Order No. 5140]

Mail Classification Schedule

AGENCY: Postal Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Commission adopts final rules that require the Postal Service to provide additional information when it proposes updates to the size and weight limitations applicable to market dominant mail matter.

DATES: *Effective:* August 7, 2019.

ADDRESSES: For additional information, Order No. 5140 can be accessed electronically through the Commission's website at <https://www.prc.gov>.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Background

II. Basis and Purpose of the Final Rule

I. Background

On May 8, 2019, the Commission proposed changes to 39 CFR 3020.111(a) to include the requirement that the Postal Service describe how a proposed

update to a size or weight limitation would impact competitors and users of the product(s). The Commission also proposed a requirement that the Postal Service explain how a size and weight limitation change is in accordance with the policies and applicable criteria of chapter 36 of title 39 of the United States Code. After consideration of the comments submitted, the Commission adopts final rules.

II. Basis and Purpose of the Final Rule

The Commission initiated this proceeding to evaluate whether changes to Mail Classification Schedule provisions that, in effect, add products to, remove products from, or transfer products between product lists are changes that implicate the requirements of 39 U.S.C. 3642. The Commission sought comments from interested parties on whether it should update its regulations to require information pursuant to section 3642 when changes to the size and weight limitations appear to modify the product lists.

After consideration of the comments submitted, the Commission finds that the amendments to 39 CFR 3020.111(a) strike the appropriate balance between requiring additional information to adequately assess the potential effects of a size and weight limitation change, without being unduly burdensome to the Postal Service. Moreover, the Commission finds that the proposed amendments are sufficient for the Commission to analyze whether a proposed size and weight limitation change would involve unreasonable price increases, unreasonable discrimination, or any other material harm to users and competitors. Although both the Greeting Card Association and the Association for Postal Commerce expressed concern regarding the scope of the rules and possible impacts on volume, both commenters noted that the Commission could address those concerns via proposed sections 3020.111(a)(2) and (3). Accordingly, the Commission adopts the revisions to 39 CFR 3020.111(a).

Final Rules

The Commission amends the rules for updating size and weight limitations in 39 CFR part 3020.

List of Subjects for 39 CFR Part 3020

Administrative practice and procedure, Postal Service.

For the reasons stated in the preamble, the Commission amends chapter III of title 39 of the Code of Federal Regulations as follows:

PART 3020—PRODUCT LISTS

■ 1. The authority citation for part 3020 continues to read as follows:

Authority: 39 U.S.C. 503, 3622, 3631, 3642, 3682.

■ 2. Amend § 3020.111, by revising paragraph (a) to read as follows:

§ 3020.111 Limitations applicable to market dominant mail matter.

(a) The Postal Service shall inform the Commission of updates to size and weight limitations for market dominant mail matter by filing notice with the Commission 45 days prior to the effective date of the proposed update. The notice shall:

(1) Include a copy of the applicable sections of the Mail Classification Schedule and the proposed updates therein in legislative format;

(2) Describe the likely impact that the proposed update will have on users of the product(s) and on competitors; and

(3) Describe how the proposed update is in accordance with the policies and the applicable criteria of chapter 36 of title 39 of the United States Code.

* * * * *

By the Commission.

Ruth Ann Abrams,

Acting Secretary.

BILLING CODE 7710-FW-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 52 and 81

[EPA-R05-OAR-2018-0733; FRL-9996-11-Region 5]

Air Plan Approval; Indiana; Redesignation of the Terre Haute Area to Attainment of the 2010 Sulfur Dioxide Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: In accordance with the Clean Air Act (CAA), the Environmental Protection Agency (EPA) is redesignating the Terre Haute, Indiana area from nonattainment to attainment for the 2010 sulfur dioxide (SO₂) National Ambient Air Quality Standard (NAAQS). The area consists of Fayette and Harrison Townships in Vigo County, Indiana. EPA is also approving, as a revision to the Indiana State Implementation Plan (SIP), Indiana's maintenance plan for this area. EPA proposed to approve Indiana's

redesignation request and maintenance plan on May 3, 2019.

DATES: This final rule is effective on July 8, 2019.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2018-0733. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Samantha Panock, Environmental Scientist, Attainment Planning and Maintenance Section, Air Programs Branch (AR18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8973, panock.samantha@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This supplementary information section is arranged as follows:

- I. Background
- II. Public Comments
- III. What action is EPA taking?
- IV. Statutory and Executive Order Reviews

I. Background

On June 22, 2010 (75 FR 35520), EPA published a revised primary SO₂ NAAQS of 75 parts per billion (ppb), which is met at a monitoring site when the 3-year average of the annual 99th percentile of daily maximum 1-hour concentrations does not exceed 75 ppb. This NAAQS was codified at 40 CFR 50.4. On July 25, 2013 (78 FR 47191), EPA published its initial air quality designations for the SO₂ NAAQS based upon air quality monitoring data for calendar years 2009–2011. In that action, the Terre Haute area, comprised of Fayette and Harrison Townships, was designated nonattainment for the SO₂ NAAQS.

Indiana was required to submit an attainment demonstration that meets the requirements of sections 172(c) and 191–192 of the CAA and provide for

attainment of the SO₂ NAAQS as expeditiously as practicable, but no later than October 4, 2018, which represents five years after the area was originally designated as nonattainment under the 2010 SO₂ NAAQS. Indiana submitted its attainment demonstration on October 2, 2015. EPA approved the Terre Haute attainment demonstration on March 22, 2019 (84 FR 10692).

Under CAA section 107(d)(3)(E), there are five criteria which must be met before a nonattainment area may be redesignated to attainment. The relevant NAAQS must be attained in the area; the applicable implementation plan must be fully approved by EPA under section 110(k); the improvement in air quality must be determined to be due to permanent and enforceable reductions in emissions; the State must meet all applicable requirements for the area under section 110 and part D; and EPA must fully approve a maintenance plan and contingency plan for the area under section 175A of the CAA. On May 3, 2019 (84 FR 19007), EPA proposed to find that these five criteria have been met for the Terre Haute nonattainment area, and thus, EPA proposed to redesignate Terre Haute from nonattainment to attainment of the 2010 SO₂ NAAQS.

II. Public Comments

EPA published its proposed approval of the redesignation request and maintenance plan on May 3, 2019 (84 FR 19007). The public comment period for this proposal closed on June 3, 2019. EPA received one supportive comment.

III. What action is EPA taking?

EPA is redesignating the Terre Haute nonattainment area from nonattainment to attainment of the 2010 SO₂ NAAQS. Indiana has demonstrated that the area is attaining the SO₂ standard, and that the improvement in air quality is due to permanent and enforceable SO₂ emission reductions in the nonattainment area. EPA is also approving, as a revision to the Indiana SIP, Indiana’s maintenance plan, which is designed to ensure that the area will continue to maintain the SO₂ standard through the year 2030.

In accordance with 5 U.S.C. 553(d), EPA finds there is good cause for these actions to become effective immediately upon publication. This is because a delayed effective date is unnecessary due to the nature of a redesignation to attainment, which relieves the area from certain CAA requirements that would otherwise apply to it. The immediate effective date for this action is authorized under both 5 U.S.C. 553(d)(1), which provides that

rulemaking actions may become effective less than 30 days after publication if the rule “grants or recognizes an exemption or relieves a restriction,” and section 553(d)(3), which allows an effective date less than 30 days after publication “as otherwise provided by the agency for good cause found and published with the rule.” The purpose of the 30-day waiting period prescribed in section 553(d) is to give affected parties a reasonable time to adjust their behavior and prepare before the final rule takes effect. Today’s rule, however, does not create any new regulatory requirements such that affected parties would need time to prepare before the rule takes effect. Rather, today’s rule relieves the state of planning requirements for this SO₂ nonattainment area. For these reasons, EPA finds good cause under 5 U.S.C. 553(d)(3) for these actions to become effective on the date of publication of these actions.

IV. Statutory and Executive Order Reviews

Under the CAA, redesignation of an area to attainment and the accompanying approval of the maintenance plan under CAA section 107(d)(3)(E) are actions that affect the status of the geographical area and do not impose any additional regulatory requirements on sources beyond those required by state law. A redesignation to attainment does not in and of itself impose any new requirements, but rather results in the application of requirements contained in the CAA for areas that have been redesignated to attainment. Moreover, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions

of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
 - Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of

Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 6, 2019. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. (See section 307(b)(2).)

List of Subjects

40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements, Sulfur oxides.

40 CFR Part 81

Environmental protection, Air pollution control, National parks, Wilderness areas.

Dated: June 20, 2019.

Cheryl L. Newton,

Acting Regional Administrator, Region 5.

40 CFR parts 52 and 81 are amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

- 2. In § 52.770, the table in paragraph (e) is amended by adding an entry for “Terre Haute 2010 Sulfur Dioxide (SO₂) maintenance plan” after the entry “Terre Haute Hydrocarbon Control Strategy” to read as follows:

§ 52.1870 Identification of plan.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 180**

[EPA-HQ-OPP-2019-0096; FRL-9995-17]

Acetic Acid Ethenyl Ester, Polymer With Ethene and Ethenol; Tolerance Exemption

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes an exemption from the requirement of a tolerance for residues of acetic acid ethenyl ester, polymer with ethene and ethenol; when used as an inert ingredient in a pesticide chemical formulation. Keller and Heckman LLP, on behalf of Kuraray American, Inc. submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act (FFDCA), requesting an exemption from the requirement of a tolerance. This regulation eliminates the need to establish a maximum permissible level for residues of acetic acid ethenyl ester, polymer with ethene and ethenol on food or feed commodities.

DATES: This regulation is effective July 8, 2019. Objections and requests for hearings must be received on or before September 6, 2019, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2019-0096, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket)

in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Michael Goodis, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; main telephone number: (703) 305-7090; email address: RDfRNNotices@epa.gov.

SUPPLEMENTARY INFORMATION:**I. General Information****A. Does this action apply to me?**

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. How can I get electronic access to other related information?

You may access a frequently updated electronic version of 40 CFR part 180 through the Government Printing

Office's e-CFR site at http://www.ecfr.gov/cgi-bin/text-idx?&c=ecfr&tpl=/ecfrbrowse/Title40/40tab_02.tpl.

C. Can I file an objection or hearing request?

Under FFDCA section 408(g), 21 U.S.C. 346a, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation in accordance with the instructions provided in 40 CFR part 178. To ensure proper receipt by EPA, you must identify docket ID number EPA-HQ-OPP-2019-0096 in the subject line on the first page of your submission. All objections and requests for a hearing must be in writing, and must be received by the Hearing Clerk on or before September 6, 2019. Addresses for mail and hand delivery of objections and hearing requests are provided in 40 CFR 178.25(b).

In addition to filing an objection or hearing request with the Hearing Clerk as described in 40 CFR part 178, please submit a copy of the filing (excluding any Confidential Business Information (CBI)) for inclusion in the public docket. Information not marked confidential pursuant to 40 CFR part 2 may be disclosed publicly by EPA without prior notice. Submit the non-CBI copy of your objection or hearing request, identified by docket ID number EPA-HQ-OPP-2019-0096, by one of the following methods.

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be CBI or other information whose disclosure is restricted by statute.

- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/
