

Public Law 105–295  
105th Congress

An Act

Oct. 27, 1998  
[H.R. 4079]

To authorize the construction of temperature control devices at Folsom Dam in California.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. AUTHORIZATION TO CONSTRUCT TEMPERATURE CONTROL DEVICES.**

(a) FOLSOM DAM.—The Secretary of the Interior is hereby authorized to construct in accordance with the draft environmental impact statement/environmental impact report for the Central Valley Supply contracts under Public Law 101–514 (section 206) and the report entitled “Assessment of the Beneficial and Adverse Impacts of Operating a Temperature Control Device (TCD) at the Water Supply Intakes of Folsom Dam”, a temperature control device on Folsom Dam and necessary associated temperature monitoring facilities. The temperature control device and said associated temperature monitoring facilities shall be operated as an integral part of the Central Valley Project for the benefit and propagation of fall-run chinook salmon and steelhead trout in the American River, California.

(b) DEVICE ON NON-CVP FACILITIES.—The Secretary of the Interior is hereby authorized to construct or assist in the construction of one or more temperature control devices on existing non-Federal facilities delivering Central Valley Project water supplies from Folsom Reservoir and necessary associated temperature monitoring facilities. These costs of construction of temperature control device and associated temperature monitoring facilities shall be nonreimbursable and operated by the non-Federal facility owner at its expense, in coordination with the Central Valley Project for the benefit and propagation of chinook salmon and steelhead trout in the American River, California.

(c) AUTHORIZATION.—There is hereby authorized to be appropriated for the construction of a temperature control device on Folsom Dam and necessary associated temperature monitoring facilities the sum of \$5,000,000 (adjusted for inflation based on October 1997 prices). There is also authorized to be appropriated for the construction of a temperature control device on existing non-Federal facilities and necessary associated temperature monitoring facilities the sum of \$1,000,000 (October 1997 prices). There is also authorized to be appropriated, in addition thereto, such

amounts as are required for operation, maintenance, and replacement of the temperature control devices on Folsom Dam and associated temperature monitoring facilities.

Approved October 27, 1998.
