(1) In the case of any experimental, pilot, or demonstration project undertaken under subsection (a) to assist in promoting the objectives of part D of subchapter IV, the project—

If any State submits an application under this subsection for the purpose of conducting a demonstration project to test and evaluate the total elimination of the 100-hour rule, the Secretary shall approve at least one such application.

(B) If any State with an agreement under this subsection so requests, the demonstration project conducted pursuant to such agreement may test and evaluate the complete elimination of the 100-hour rule and of any other durational standard that might be applied in defining unemployment for purposes of determining eligibility under section 607 of this title.

(4) A demonstration project under this subsection may be commenced any time after September 30, 1990, and shall be conducted for such period of time as the agreement with the Secretary may provide; except that, in no event may a demonstration project under this section be conducted after September 30, 1995.

(5)(A) Any State with an agreement under this subsection shall evaluate the comparative cost and employment effects of the use of the definition of unemployment in its demonstration project under this section by use of experimental and control groups comprised of a random sample of individuals receiving aid under section 607 of this title and shall furnish the Secretary with such information as the Secretary determines to be necessary to evaluate the results of the project conducted by the State.

(2) Not later than 180 days after March 23, 2010, the Secretary shall promulgate regulations relating to applications for, and renewals of, a demonstration project that provide for—

which a waiver of compliance with requirements of subchapter XIX is granted under subsection (a).

(2) During the 6-month period ending 1 year before the date the waiver under subsection (a) with respect to a waiver project would otherwise expire, the chief executive officer of the State which is operating the project may submit to the Secretary a written request for an extension, of up to 3 years (5 years, in the case of a waiver described in section 1396n(h)(2) of this title), of the project.

(3) If the Secretary fails to respond to the request within 6 months after the date it is submitted, the request is deemed to have been granted.

(4) If such a request is granted, the deadline for submittal of a final report under the waiver project is deemed to have been extended until the date that is 1 year after the date the waiver project would otherwise have expired.

(5) The Secretary shall release an evaluation of each such project not later than 1 year after the date of receipt of the final report.

(6) Subject to paragraphs (4) and (7), the extension of a waiver project under this subsection shall be on the same terms and conditions (including applicable terms and conditions relating to quality and access of services, budget neutrality, data and reporting requirements, and special population protections) that applied to the project before its extension under this subsection.

(7) If an original condition of approval of a waiver project was that Federal expenditures under the project not exceed the Federal expenditures that would otherwise have been made, the Secretary shall take such steps as may be necessary to ensure that, in the extension of the project under this subsection, such condition continues to be met. In applying the previous sentence, the Secretary shall take into account the Secretary’s best estimate of rates of change in expenditures at the time of the extension.

(f) Application for extension of waiver project; submission; approval

(2) Not later than 45 days after the date such application is received by the Secretary, the Secretary shall notify the State if the Secretary intends to review the terms and conditions of the waiver project. A failure to provide such notification shall be deemed to be an approval of the application.

(3) Not later than 45 days after the date a notification is made in accordance with paragraph (2), the Secretary shall inform the State of proposed changes in the terms and conditions of the waiver project. A failure to provide such information shall be deemed to be an approval of the application.

(4) During the 30-day period that begins on the date information described in paragraph (3) is provided to a State, the Secretary shall negotiate revised terms and conditions of the waiver project with the State.

(5)(A) Not later than 120 days after the date an application for an extension of the waiver project is submitted to the Secretary (or such later date agreed to by the chief executive officer of the State), the Secretary shall—

(i) approve the application subject to such modifications in the terms and conditions—

(I) as have been agreed to by the Secretary and the State; or

(II) in the absence of such agreement, as are determined by the Secretary to be reasonable, consistent with the overall objectives of the waiver project, and not in violation of applicable law; or

(ii) disapprove the application.

(B) A failure by the Secretary to approve or disapprove an application submitted under this subsection in accordance with the requirements of subparagraph (A) shall be deemed to be an approval of the application subject to such modifications in the terms and conditions as have been agreed to (if any) by the Secretary and the State.

(6) An approval of an application for an extension of a waiver project under this subsection shall be for a period not to exceed 3 years (5 years, in the case of a waiver described in section 1396n(h)(2) of this title).

(7) An extension of a waiver project under this subsection shall be subject to the final reporting and evaluation requirements of paragraphs (4) and (5) of subsection (e) (taking into account the extension under this subsection with respect to any timing requirements imposed under those paragraphs).

“(D) there currently is no Federal program in place to address the unique and significant problems faced by today’s teenagers.

“(2) The State shall designate two geographical areas within the State to be targeted by the project. One area will serve as the ‘home base’ for the project, where services will be concentrated and in which a local school system will be selected to receive services and provide facilities for resource referral and counseling. The second geographical area will serve as a ‘peripheral’ participant, receiving assistance and services from the home base.

“(3) A high-risk teenager is any male or female who has reached the age of 10 years and whose age does not exceed 20 years, and who—

“(A) has a history of academic problems;

“(B) has a history of behavioral problems both in and out of school;

“(e) EVALUATION AND REPORT.—(1) Each State conducting a demonstration project under this section shall submit to the Secretary for his approval an evaluation plan that provides for examining the effectiveness of the project in both the home base and peripheral area of the State.

“(2) Not later than October 1, 1992, the Secretary shall submit to the Congress a report containing a summary of the evaluations conducted by States pursuant to the plans described in paragraph (1).

“(f) FUNDING.—(1) Three-fifths of the total amount appropriated pursuant to this section for any fiscal year for each State conducting a demonstration project shall be expended by such State for the provision of services and facilities within the State’s designated project home base, and 5 percent of such three-fifths shall be set aside for the conduct of the State’s evaluation as provided for in subsection (e).
