AMENDMENTS

1996—Pub. L. 104-182 made technical amendment to section catchline and first word of text.

§ 300j-23. Drinking water coolers containing lead

(a) Publication of lists

The Administrator shall, after notice and opportunity for public comment, identify each brand and model of drinking water cooler which

is not lead free, including each brand and model of drinking water cooler which has a lead-lined tank. For purposes of identifying the brand and model of drinking water coolers under this subsection, the Administrator shall use the best information available to the Environmental Protection Agency. Within 100 days after October 31, 1988, the Administrator shall publish a list of each brand and model of drinking water cooler identified under this subsection. Such list shall separately identify each brand and model of cooler which has a lead-lined tank. The Administrator shall continue to gather information regarding lead in drinking water coolers and shall revise and republish the list from time to time as may be appropriate as new information or analysis becomes available regarding lead contamination in drinking water coolers.

(b) Prohibition

No person may sell in interstate commerce, or manufacture for sale in interstate commerce, any drinking water cooler listed under subsection (a) or any other drinking water cooler which is not lead free, including a lead-lined drinking water cooler.

(c) Criminal penalty

Any person who knowingly violates the prohibition contained in subsection (b) shall be imprisoned for not more than 5 years, or fined in accordance with title 18, or both.

(d) Civil penalty

The Administrator may bring a civil action in the appropriate United States District Court (as determined under the provisions of title 28) to impose a civil penalty on any person who violates subsection (b). In any such action the court may impose on such person a civil penalty of not more than \$5,000 (\$50,000 in the case of a second or subsequent violation).

AMENDMENTS

1996—Pub. L. 104-182 made technical amendment to section catchline and subsec. (a) designation.

§ 300j-24. Lead contamination in school drinking water

(a) Distribution of drinking water cooler list

Within 100 days after October 31, 1988, the Administrator shall distribute to the States a list of each brand and model of drinking water cooler identified and listed by the Administrator under section 300j-23(a) of this title.

(b) Guidance document and testing protocol

The Administrator shall publish a guidance document and a testing protocol to assist public water systems and schools in determining the source and degree of lead contamination in school drinking water supplies and in remediating such contamination. The guidance document shall include guidelines for sample preservation. The guidance document shall also include guid-

ance to assist States, schools, public water systems, and the general public in ascertaining the levels of lead contamination in drinking water coolers and in taking appropriate action to reduce or eliminate such contamination. The guidance document shall contain a testing protocol for the identification of drinking water coolers which contribute to lead contamination in drinking water. Such document and protocol may be revised, republished and redistributed as the Administrator deems necessary. The Administrator shall distribute the guidance document and testing protocol to the States within 100 days after October 31, 1988.

(c) Dissemination to schools, etc.

Each State shall provide for the dissemination to local educational agencies, private nonprofit elementary or secondary schools and to day care centers of the guidance document and testing protocol published under subsection (b), together with the list of drinking water coolers published under section 300j-23(a) of this title.

(d) Voluntary school and child care program lead testing and reduction grant program

(1) Definitions

In this subsection:

(A) Child care program

The term “child care program” has the meaning given the term “early childhood education program” in section 1003(8) of title 20.

(B) Local educational agency

The term “local educational agency” means—

- (i) a local educational agency (as defined in section 7801 of title 20);
- (ii) a tribal education agency (as defined in section 5502 of title 20); and
- (iii) a person that owns or operates a child care program facility.

(2) Establishment

(A) In general

Not later than 180 days after December 16, 2016, the Administrator shall establish a voluntary school and child care program lead testing, compliance monitoring, and lead reduction grant program to make grants available to—

- (i) States to assist local educational agencies, public water systems that serve schools and child care programs under the jurisdiction of those local educational agencies, and qualified nonprofit organizations in voluntary testing or compliance monitoring for and remediation of lead contamination in drinking water at schools and child care programs under the jurisdiction of those local educational agencies; and
- (ii) tribal consortia to assist tribal education agencies (as defined in section 5502 of title 20), public water systems that serve schools and child care programs under the jurisdiction of those tribal education agencies, and qualified nonprofit organizations in voluntary testing or compliance monitoring for and remediation of
