

tions of public telecommunications network interconnectivity standards that promote access to—

- (A) public telecommunications networks used to provide telecommunications service;
- (B) network capabilities and services by individuals with disabilities; and
- (C) information services by subscribers of rural telephone companies.

(c) Commission's authority

Nothing in this section shall be construed as expanding or limiting any authority that the Commission may have under law in effect before February 8, 1996.

(d) "Public telecommunications network interconnectivity" defined

As used in this section, the term "public telecommunications network interconnectivity" means the ability of two or more public telecommunications networks used to provide telecommunications service to communicate and exchange information without degeneration, and to interact in concert with one another.

(June 19, 1934, ch. 652, title II, §256, as added Pub. L. 104-104, title I, §101(a), Feb. 8, 1996, 110 Stat. 76.)

§ 257. Market entry barriers proceeding

(a) Elimination of barriers

Within 15 months after February 8, 1996, the Commission shall complete a proceeding for the purpose of identifying and eliminating, by regulations pursuant to its authority under this chapter (other than this section), market entry barriers for entrepreneurs and other small businesses in the provision and ownership of telecommunications services and information services, or in the provision of parts or services to providers of telecommunications services and information services.

(b) National policy

In carrying out subsection (a), the Commission shall seek to promote the policies and purposes of this chapter favoring diversity of media voices, vigorous economic competition, technological advancement, and promotion of the public interest, convenience, and necessity.

(June 19, 1934, ch. 652, title II, §257, as added Pub. L. 104-104, title I, §101(a), Feb. 8, 1996, 110 Stat. 77; amended Pub. L. 115-141, div. P, title IV, §402(f), Mar. 23, 2018, 132 Stat. 1089.)

Editorial Notes

REFERENCES IN TEXT

This chapter, referred to in text, was in the original "this Act", meaning act June 19, 1934, ch. 652, 48 Stat. 1064, known as the Communications Act of 1934, which is classified principally to this chapter. For complete classification of this Act to the Code, see section 609 of this title and Tables.

AMENDMENTS

2018—Subsec. (c). Pub. L. 115-141 struck out subsec. (c). Text read as follows: "Every 3 years following the completion of the proceeding required by subsection (a), the Commission shall review and report to Congress on—

"(1) any regulations prescribed to eliminate barriers within its jurisdiction that are identified under

subsection (a) and that can be prescribed consistent with the public interest, convenience, and necessity; and

"(2) the statutory barriers identified under subsection (a) that the Commission recommends be eliminated, consistent with the public interest, convenience, and necessity."

§ 258. Illegal changes in subscriber carrier selections

(a) Prohibition

No telecommunications carrier shall submit or execute a change in a subscriber's selection of a provider of telephone exchange service or telephone toll service except in accordance with such verification procedures as the Commission shall prescribe. Nothing in this section shall preclude any State commission from enforcing such procedures with respect to intrastate services.

(b) Liability for charges

Any telecommunications carrier that violates the verification procedures described in subsection (a) and that collects charges for telephone exchange service or telephone toll service from a subscriber shall be liable to the carrier previously selected by the subscriber in an amount equal to all charges paid by such subscriber after such violation, in accordance with such procedures as the Commission may prescribe. The remedies provided by this subsection are in addition to any other remedies available by law.

(June 19, 1934, ch. 652, title II, §258, as added Pub. L. 104-104, title I, §101(a), Feb. 8, 1996, 110 Stat. 77.)

§ 259. Infrastructure sharing

(a) Regulations required

The Commission shall prescribe, within one year after February 8, 1996, regulations that require incumbent local exchange carriers (as defined in section 251(h) of this title) to make available to any qualifying carrier such public switched network infrastructure, technology, information, and telecommunications facilities and functions as may be requested by such qualifying carrier for the purpose of enabling such qualifying carrier to provide telecommunications services, or to provide access to information services, in the service area in which such qualifying carrier has requested and obtained designation as an eligible telecommunications carrier under section 214(e) of this title.

(b) Terms and conditions of regulations

The regulations prescribed by the Commission pursuant to this section shall—

- (1) not require a local exchange carrier to which this section applies to take any action that is economically unreasonable or that is contrary to the public interest;
- (2) permit, but shall not require, the joint ownership or operation of public switched network infrastructure and services by or among such local exchange carrier and a qualifying carrier;
- (3) ensure that such local exchange carrier will not be treated by the Commission or any State as a common carrier for hire or as offer-
