

(A) such station broadcasts for at least the minimum number of hours of operation required by the Commission for television broadcast stations under part 73 of title 47, Code of Federal Regulations;

(B) such station meets all obligations and requirements applicable to television broadcast stations under part 73 of title 47, Code of Federal Regulations, with respect to the broadcast of nonentertainment programming; programming and rates involving political candidates, election issues, controversial issues of public importance, editorials, and personal attacks; programming for children; and equal employment opportunity; and the Commission determines that the provision of such programming by such station would address local news and informational needs which are not being adequately served by full power television broadcast stations because of the geographic distance of such full power stations from the low power station's community of license;

(C) such station complies with interference regulations consistent with its secondary status pursuant to part 74 of title 47, Code of Federal Regulations;

(D) such station is located no more than 35 miles from the cable system's headend, and delivers to the principal headend of the cable system an over-the-air signal of good quality, as determined by the Commission;

(E) the community of license of such station and the franchise area of the cable system are both located outside of the largest 160 Metropolitan Statistical Areas, ranked by population, as determined by the Office of Management and Budget on June 30, 1990, and the population of such community of license on such date did not exceed 35,000; and

(F) there is no full power television broadcast station licensed to any community within the county or other political subdivision (of a State) served by the cable system.

Nothing in this paragraph shall be construed to change the secondary status of any low power station as provided in part 74 of title 47, Code of Federal Regulations, as in effect on October 5, 1992.

"(A) any request pending under section 614(h)(1)(C) of the Communications Act of 1934 (47 U.S.C. 534(h)(1)(C)) on the date of enactment of this Act [Feb. 8, 1996]; and

"(B) any request filed under that section after that date."

§ 535. Carriage of noncommercial educational television

(a) Carriage obligations

In addition to the carriage requirements set forth in section 534 of this title, each cable operator of a cable system shall carry the signals of qualified noncommercial educational television stations in accordance with the provisions of this section.

(b) Requirements to carry qualified stations

(1) General requirement to carry each qualified station

Subject to paragraphs (2) and (3) and subsection (e), each cable operator shall carry, on

the cable system of that cable operator, any qualified local noncommercial educational television station requesting carriage.

(2) Systems with 12 or fewer channels

(A) Notwithstanding paragraph (1), a cable operator of a cable system with 12 or fewer usable activated channels shall be required to carry the signal of one qualified local noncommercial educational television station; except that a cable operator of such a system shall comply with subsection (c) and may, in its discretion, carry the signals of other qualified noncommercial educational television stations.

(B) In the case of a cable system described in subparagraph (A) which operates beyond the presence of any qualified local noncommercial educational television station—

(i) the cable operator shall import and carry on that system the signal of one qualified noncommercial educational television station;

(ii) the selection for carriage of such a signal shall be at the election of the cable operator; and

(iii) in order to satisfy the requirements for carriage specified in this subsection, the cable operator of the system shall not be required to remove any other programming service actually provided to subscribers on March 29, 1990; except that such cable operator shall use the first channel available to satisfy the requirements of this subparagraph.

(3) Systems with 13 to 36 channels

(A) Subject to subsection (c), a cable operator of a cable system with 13 to 36 usable activated channels—

(i) shall carry the signal of at least one qualified local noncommercial educational television station but shall not be required to carry the signals of more than three such stations, and

(ii) may, in its discretion, carry additional such stations.

(B) In the case of a cable system described in this paragraph which operates beyond the presence of any qualified local noncommercial educational television station, the cable operator shall import and carry on that system the signal of at least one qualified noncommercial educational television station to comply with subparagraph (A)(i).

(C) The cable operator of a cable system described in this paragraph which carries the signal of a qualified local noncommercial educational station affiliated with a State public television network shall not be required to carry the signal of any additional qualified local noncommercial educational television stations affiliated with the same network if the programming of such additional stations is substantially duplicated by the programming of the qualified local noncommercial educational television station receiving carriage.

(D) A cable operator of a system described in this paragraph which increases the usable activated channel capacity of the system to

more than 36 channels on or after March 29, 1990, shall, in accordance with the other provisions of this section, carry the signal of each qualified local noncommercial educational television station requesting carriage, subject to subsection (e).

(c) Continued carriage of existing stations

Notwithstanding any other provision of this section, all cable operators shall continue to provide carriage to all qualified local noncommercial educational television stations whose signals were carried on their systems as of March 29, 1990. The requirements of this subsection may be waived with respect to a particular cable operator and a particular such station, upon the written consent of the cable operator and the station.

(d) Placement of additional signals

A cable operator required to add the signals of qualified local noncommercial educational television stations to a cable system under this section may do so, subject to approval by the franchising authority pursuant to section 531 of this title, by placing such additional stations on public, educational, or governmental channels not in use for their designated purposes.

(e) Systems with more than 36 channels

A cable operator of a cable system with a capacity of more than 36 usable activated channels which is required to carry the signals of three qualified local noncommercial educational television stations shall not be required to carry the signals of additional such stations the programming of which substantially duplicates the programming broadcast by another qualified local noncommercial educational television station requesting carriage. Substantial duplication shall be defined by the Commission in a manner that promotes access to distinctive noncommercial educational television services.

(f) Waiver of nonduplication rights

A qualified local noncommercial educational television station whose signal is carried by a cable operator shall not assert any network nonduplication rights it may have pursuant to section 76.92 of title 47, Code of Federal Regulations, to require the deletion of programs aired on other qualified local noncommercial educational television stations whose signals are carried by that cable operator.

(g) Conditions of carriage

(1) Content to be carried

A cable operator shall retransmit in its entirety the primary video, accompanying audio, and line 21 closed caption transmission of each qualified local noncommercial educational television station whose signal is carried on the cable system, and, to the extent technically feasible, program-related material carried in the vertical blanking interval, or on subcarriers, that may be necessary for receipt of programming by handicapped persons or for educational or language purposes. Retransmission of other material in the vertical blanking interval or on subcarriers shall be within the discretion of the cable operator.

(2) Bandwidth and technical quality

A cable operator shall provide each qualified local noncommercial educational television

station whose signal is carried in accordance with this section with bandwidth and technical capacity equivalent to that provided to commercial television broadcast stations carried on the cable system and shall carry the signal of each qualified local noncommercial educational television station without material degradation.

(3) Changes in carriage

The signal of a qualified local noncommercial educational television station shall not be repositioned by a cable operator unless the cable operator, at least 30 days in advance of such repositioning, has provided written notice to the station and all subscribers of the cable system. For purposes of this paragraph, repositioning includes (A) assignment of a qualified local noncommercial educational television station to a cable system channel number different from the cable system channel number to which the station was assigned as of March 29, 1990, and (B) deletion of the station from the cable system. The notification provisions of this paragraph shall not be used to undermine or evade the channel positioning or carriage requirements imposed upon cable operators under this section.

(4) Good quality signal required

Notwithstanding the other provisions of this section, a cable operator shall not be required to carry the signal of any qualified local noncommercial educational television station which does not deliver to the cable system's principal headend a signal of good quality or a baseband video signal, as may be defined by the Commission.

(5) Channel positioning

Each signal carried in fulfillment of the carriage obligations of a cable operator under this section shall be carried on the cable system channel number on which the qualified local noncommercial educational television station is broadcast over the air, or on the channel on which it was carried on July 19, 1985, at the election of the station, or on such other channel number as is mutually agreed upon by the station and the cable operator. Any dispute regarding the positioning of a qualified local noncommercial educational television station shall be resolved by the Commission.

(h) Availability of signals

Signals carried in fulfillment of the carriage obligations of a cable operator under this section shall be available to every subscriber as part of the cable system's lowest priced service tier that includes the retransmission of local commercial television broadcast signals.

(i) Payment for carriage prohibited

(1) In general

A cable operator shall not accept monetary payment or other valuable consideration in exchange for carriage of the signal of any qualified local noncommercial educational television station carried in fulfillment of the requirements of this section, except that such a station may be required to bear the cost asso-

ciated with delivering a good quality signal or a baseband video signal to the principal headend of the cable system.

(2) Distant signal exception

Notwithstanding the provisions of this section, a cable operator shall not be required to add the signal of a qualified local noncommercial educational television station not already carried under the provision of subsection (c), where such signal would be considered a distant signal for copyright purposes unless such station indemnifies the cable operator for any increased copyright costs resulting from carriage of such signal.

(j) Remedies

(1) Complaint

Whenever a qualified local noncommercial educational television station believes that a cable operator of a cable system has failed to comply with the signal carriage requirements of this section, the station may file a complaint with the Commission. Such complaint shall allege the manner in which such cable operator has failed to comply with such requirements and state the basis for such allegations.

(2) Opportunity to respond

The Commission shall afford such cable operator an opportunity to present data, views, and arguments to establish that the cable operator has complied with the signal carriage requirements of this section.

(3) Remedial actions; dismissal

Within 120 days after the date a complaint is filed under this subsection, the Commission shall determine whether the cable operator has complied with the requirements of this section. If the Commission determines that the cable operator has failed to comply with such requirements, the Commission shall state with particularity the basis for such findings and order the cable operator to take such remedial action as is necessary to meet such requirements. If the Commission determines that the cable operator has fully complied with such requirements, the Commission shall dismiss the complaint.

(k) Identification of signals

A cable operator shall identify, upon request by any person, those signals carried in fulfillment of the requirements of this section.

(l) Definitions

For purposes of this section—

(1) Qualified noncommercial educational television station

The term "qualified noncommercial educational television station" means any television broadcast station which—

(A)(i) under the rules and regulations of the Commission in effect on March 29, 1990, is licensed by the Commission as a noncommercial educational television broadcast station and which is owned and operated by a public agency, nonprofit foundation, corporation, or association; and

(ii) has as its licensee an entity which is eligible to receive a community service

grant, or any successor grant thereto, from the Corporation for Public Broadcasting, or any successor organization thereto, on the basis of the formula set forth in section 396(k)(6)(B) of this title; or

(B) is owned and operated by a municipality and transmits predominantly non-commercial programs for educational purposes.

Such term includes (I) the translator of any noncommercial educational television station with five watts or higher power serving the franchise area, (II) a full-service station or translator if such station or translator is licensed to a channel reserved for noncommercial educational use pursuant to section 73.606 of title 47, Code of Federal Regulations, or any successor regulations thereto, and (III) such stations and translators operating on channels not so reserved as the Commission determines are qualified as noncommercial educational stations.

(2) Qualified local noncommercial educational television station

The term “qualified local noncommercial educational television station” means a qualified noncommercial educational television station—

(A) which is licensed to a principal community whose reference point, as defined in section 76.53 of title 47, Code of Federal Regulations (as in effect on March 29, 1990), or any successor regulations thereto, is within 50 miles of the principal headend of the cable system; or

(B) whose Grade B service contour, as defined in section 73.683(a) of such title (as in effect on March 29, 1990), or any successor regulations thereto, encompasses the principal headend of the cable system.

(June 19, 1934, ch. 652, title VI, §615, as added Pub. L. 102-385, §5, Oct. 5, 1992, 106 Stat. 1477.)

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE

Section effective 60 days after Oct. 5, 1992, see section 28 of Pub. L. 102-385, set out as an Effective Date of 1992 Amendment note under section 325 of this title.

§ 536. Regulation of carriage agreements

(a) Regulations

Within one year after October 5, 1992, the Commission shall establish regulations governing program carriage agreements and related practices between cable operators or other multichannel video programming distributors and video programming vendors. Such regulations shall—

(1) include provisions designed to prevent a cable operator or other multichannel video programming distributor from requiring a financial interest in a program service as a condition for carriage on one or more of such operator’s systems;

(2) include provisions designed to prohibit a cable operator or other multichannel video programming distributor from coercing a video programming vendor to provide, and

from retaliating against such a vendor for failing to provide, exclusive rights against other multichannel video programming distributors as a condition of carriage on a system;

(3) contain provisions designed to prevent a multichannel video programming distributor from engaging in conduct the effect of which is to unreasonably restrain the ability of an unaffiliated video programming vendor to compete fairly by discriminating in video programming distribution on the basis of affiliation or nonaffiliation of vendors in the selection, terms, or conditions for carriage of video programming provided by such vendors;

(4) provide for expedited review of any complaints made by a video programming vendor pursuant to this section;

(5) provide for appropriate penalties and remedies for violations of this subsection, including carriage; and

(6) provide penalties to be assessed against any person filing a frivolous complaint pursuant to this section.

(b) “Video programming vendor” defined

As used in this section, the term “video programming vendor” means a person engaged in the production, creation, or wholesale distribution of video programming for sale.

(June 19, 1934, ch. 652, title VI, §616, as added Pub. L. 102-385, §12, Oct. 5, 1992, 106 Stat. 1488.)

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE

Section effective 60 days after Oct. 5, 1992, see section 28 of Pub. L. 102-385, set out as an Effective Date of 1992 Amendment note under section 325 of this title.

§ 537. Sales of cable systems

A franchising authority shall, if the franchise requires franchising authority approval of a sale or transfer, have 120 days to act upon any request for approval of such sale or transfer that contains or is accompanied by such information as is required in accordance with Commission regulations and by the franchising authority. If the franchising authority fails to render a final decision on the request within 120 days, such request shall be deemed granted unless the requesting party and the franchising authority agree to an extension of time.

(June 19, 1934, ch. 652, title VI, §617, as added Pub. L. 102-385, §13, Oct. 5, 1992, 106 Stat. 1489; amended Pub. L. 104-104, title III, §301(i), Feb. 8, 1996, 110 Stat. 117.)

Editorial Notes

AMENDMENTS

1996—Pub. L. 104-104 redesignated subsec. (e) as entire section, substituted “A franchising authority” for “LIMITATION ON DURATION OF FRANCHISING AUTHORITY POWER TO DISAPPROVE TRANSFERS.—In the case of any sale or transfer of ownership of any cable system after the 36-month period following acquisition of such system, a franchising authority”, and struck out subsecs. (a) to (d) which related to three-year holding period requirement, treatment of multiple transfers, exceptions to holding requirement, and waiver authority.
