April 24, 2018, on page H3457, the following appeared: THE HEROIC ACTS OF JAMES SHAW, JR., AND TAMMY JO SCHULTZ The SPEAKER pro tempore. The Chair recognizes the gentleman from Tennessee (Mr. COHEN) for 5 minutes. Mr. COHEN. Mr. Speaker, malevolent actions and accidents give an opportunity for people to rise to heroic actions. America is a country familiar with heroes. At a sad and awful event this weekend in Nashville, Davidson County, at a Waffle House where four individuals were killed and four injured by a crazed individual with an AR-15, a man named James Shaw, Jr., rallied all of his courage and strength to rise to the occasion of heroics, to get the assailant, take his gun from him, and to save his life and other people's lives. James Shaw, Jr., is a lifetime Nashvillian. He didn't plan to be a hero that day, but he rose to the occasion. I take my hat off to him and commend him for his actions in saving other lives. Just a week or so earlier, we had a Southwest Airlines plane that would have crashed if it weren't for a great pilot, possibly, a plane that, tragically, had a piece of the wing come off and fly into the airplane and cause the death of a passenger and chaos on the plane. The pilot, a trained Navy fighter pilot, Tammy Jo Schultz, stayed calm and brought that plane in safely without any other loss of life or injuries. She is a Sully part 2: Sullenberger, who took that plane in New York and landed it in the river and saved a lot of people's lives. We all honored Sully, as we should and should have. We need to honor Tammy Jo Schultz in the same way. She is Sullenberger part 2. And James Shaw, Jr., of Nashville is a hero of the same dimension, and he saved many American lives. Those acts need to be remembered, reflected upon, and honored. I do so today, and I know other Members of this House do as well.

April 24, 2018, on page H3469, the following appeared: Mr. ROYCE of California. Mr. Speaker, I yield 3 minutes to the gentlewoman from Florida (Ms. ROS-LEHTINEN),

A joint memorial adopted by the Legislature of the State of Washington urging the United States Congress to pass and the President of the United States to sign legislation reforming the harbor maintenance tax; to the Committee on Finance. SENATE JOINT MEMORIAL 8008 Whereas, The federal harbor maintenance tax is assessed on the value of goods being shipped into United States ports; and Whereas, The harbor maintenance tax is not collected on transpacific cargo shipped to the United States via rail or roads from ports in Mexico and Canada; and Whereas, The ability to move transpacific cargo through Canadian ports and avoid paying the harbor maintenance tax is an incentive to divert cargo away from United States ports; and Whereas, The federal maritime commission inquiry into the harbor maintenance tax found that up to half of United States bound containers coming into Canada’s west coast ports could revert to using United States west coast ports if United States importers were relieved from paying the tax; and Whereas, Current United States law does not require the revenues raised through the harbor maintenance tax to be fully spent on harbor maintenance related investments, collections have far exceeded fund appropriation and surplus collections will grow to over nine billion dollars this year; and Whereas, Revenue raised through the harbor maintenance tax pays for dredging and other maintenance costs, with significant amounts being spent for dredging at east coast, Gulf, and Columbia River ports; and Whereas, Certain deep water ports on the west coast that require no or little dredging, including the new Northwest Seaport Alliance consisting of the ports of Seattle and Tacoma, receive just over a penny on every dollar of harbor maintenance tax paid by shippers who use their ports; and Whereas, The Columbia river channel is critical to maintain global trade and the port of Vancouver USA serves as the largest wheat export gateway in the nation; and*
